**Irish Children's Literature and Culture** Keith O'Sullivan,Valerie Coghlan,2011-03-17 Irish Children s Literature and Culture looks critically at Irish writing for children from the 1980s to the present examining the work of many writers and illustrators and engaging with major genres forms and issues including the gothic the speculative picturebooks ethnicity and globalization It contextualizes modern Irish children s literature in relation to Irish mythology and earlier writings as well as in relation to Irish writing for adults thereby demonstrating the complexity of this fascinating area What constitutes a national literature is rarely straightforward and it is especially complex when discussing writing for young people in an Irish context Until recently there was only a slight body of work that could be classified as Irish children s literature in comparison with Ireland s contribution to adult literature in the twentieth century The contributors to the volume examine a range of texts in relation to contemporary literary and cultural theory and children s literature internationally raising provocative questions about the future of the topic Irish Children s Literature and Culture is essential reading for those interested in Irish literature culture sociology childhood and children s literature Valerie Coghlan Church of Ireland College of Education Dublin is a librarian and lecturer She is a former co editor of Bookbird An International Journal of Children s Literature She has published widely on Irish children s literature and co edited several books on the topic She is a former board member of the IRSCL and a founder member of the Irish Society for the Study of Children s Literature Children s Books Ireland and IBBY Ireland Keith O Sullivan lectures in English at the Church of Ireland College of Education Dublin He is a founder member of the Irish Society for the Study of Children s Literature a former member of the board of directors of Children s Books Ireland and past chair of the Children s Books Ireland Bisto Book of the Year Awards He has published on the works of Philip Pullman and Emily Bront *INSTANCOLOGY:Outline of the Study of Ontology and the Absolute (Volume II)* By Wade Y. Dong,2025-09-03 Instancology is a bold philosophical breakthrough that redefines the foundations of metaphysics epistemology and ontology through a unified system centered on the concept of the Instance Departing from centuries of fragmented thinking Wade Y Dong introduces a structural vision of reality that integrates Being Thought and Language into one coherent framework This is not a revision of past philosophies it is a new beginning At its core is the realization that all things exist not as isolated objects or mere processes but as holistic instances each carrying a microcosmic structure that reflects the entire universe Unlike conventional metaphysical systems that remain trapped in either subjectivism or objectivism Instancology restores balance by mapping the relationships between the Relative and the Absolute into a 2x2 foundational structure From this a mathematically elegant 6 6 6 6 6 expansion arises guiding the reader through layers of

cognition knowledge existence and meaning This structural metaphysics reveals why reality is knowable how truth emerges and what lies beyond the limits of logic language and even death Drawing from both Western and Eastern traditions yet ultimately transcending them Instancology offers powerful principles such as the Rebirth Principle Uniqueness Principle and Reverse Principle It confronts G del s incompleteness quantum indeterminacy and the paradoxes of existence not by dissolving them but by structurally situating them within a larger ontological field Here abstract thinking regains its rightful place not as a tool of escape but as the gateway to the Absolute This is a book for those seeking not just another theory but a complete transformation of how we understand reality itself Instancology is as challenging as it is illuminating laying down the groundwork for a new era of thought one that dares to unify metaphysics science and human destiny under a single absolute framework *Pluralist Desires* Philipp Löffler,2015 Excavates the contemporary revival of 19th century cultural pluralism revealing how American novelists since the 1990s have appropriated the historical novel in the pursuit of selfhood rather than truth fundamentally repositioning the genre in American culture **Cosmos 1999 - The Third Year of Space 1999** John K.
