Parallel Time Growing Up In Black And White:

Parallel Time Brent A. Staples, 1994 The murder of his younger brother causes Staples to reconsider his childhood and coming of age A vivid portrait of family and place values and pressures the appeal and pain of entering a predominantly white world and the strengths and vulnerabilities of the African American world Staples grew away from **Encyclopedia of African-American Literature** Wilfred D. Samuels, 2015-04-22 Presents a reference on African American literature providing profiles of notable and little known writers and their works literary forms and genres critics and scholars themes and terminology and more Race, Sex, and the Freedom to Marry Peter Wallenstein, 2014-11-18 In 1958 Mildred Jeter and Richard Loving two young lovers from Caroline County Virginia got married Soon they were hauled out of their bedroom in the middle of the night and taken to jail Their crime Loving was white Jeter was not and in Virginia as in twenty three other states then interracial marriage was illegal Their experience reflected that of countless couples across America since colonial times And in challenging the laws against their marriage the Lovings closed the book on that very long chapter in the nation's history Race Sex and the Freedom to Marry tells the story of this couple and the case that forever changed the law of race and marriage in America The story of the Lovings and the case they took to the Supreme Court involved a community an extended family and in particular five main characters the couple two young attorneys and a crusty local judge who twice presided over their case as well as such key dimensions of political and cultural life as race gender religion law identity and family In Race Sex and the Freedom to Marry Peter Wallenstein brings these characters and their legal travails to life and situates them within the wider context even at the center of American history Along the way he untangles the arbitrary distinctions that long sorted out Americans by racial identity distinctions that changed over time varied across space and could extend the reach of criminal law into the most remote community In light of the related legal arguments and historical development moreover Wallenstein compares interracial and same sex marriage A fair amount is known about the saga of the Lovings and the historic court decision that permitted them to be married and remain free And some of what is known Wallenstein tells us is actually true A detailed in depth account of the case as compelling for its legal and historical insights as for its human drama this book at long last clarifies the events and the personalities that reconfigured race marriage and law in America *African American Autobiographers* Emmanuel S. Nelson, 2002-03-30 There is growing popular and scholarly interest in autobiography along with increasing regard for the achievements of African American writers The first reference of its kind this volume chronicles the autobiographical tradition in African American literature Included are alphabetically arranged entries for 66 African American authors who present autobiographical material in their works The volume profiles major figures such as Frederick Douglass Zora Neale Hurston Richard Wright Maya Angelou James Baldwin and Malcolm X along with many lesser known autobiographers who deserve greater attention While some are known primarily for their literary accomplishments others have gained acclaim for their diverse contributions to society The entries

are written by expert contributors and provide authoritative information about their subjects Each begins with a concise biography which summarizes the life and achievements of the autobiographer This is followed by a discussion of major autobiographical works and themes along with an overview of the autobiographer's critical reception The entries close with primary and secondary bibliographies and a selected general bibliography concludes the volume Together the entries provide a detailed portrait of the African American autobiographical tradition from the 18th century to the present

Tell the Court I Love My Wife Peter Wallenstein, 2015-03-24 The first in depth history of miscegenation law in the United States this book illustrates in vivid detail how states communities and the courts have defined and regulated mixed race marriage from the colonial period to the present Combining a storyteller's detail with a historian's analysis Peter Wallenstein brings the sagas of Richard and Mildred Loving and countless other interracial couples before them to light in this harrowing history of how individual states had the power to regulate one of the most private aspects of life marriage
