change their lives to do so In her straight shooting style Dr Laura entreates parents to involve themselves in their children s hearts minds and souls to cherish and protect them and to commit to the essential task of teaching them right from wrong She acknowledges that parents no longer get much support from neighbors or public and private institutions but she urges mothers and fathers to work even harder to counteract the prevailing culture of selfishness and irresponsibility Parenthood by Proxy covers all aspects of parenting from childbearing to discipline from multiple families to being role models
