*The Parent Survival Guide* Theresa Kellam, 2011-02-14 When parents turn to the parenting self help section of their local bookstore they are looking for both practical guidance and a childrearing philosophy that resonates with them an approach they can relate to and be comfortable implementing in their own household In *The Parent Survival Guide* From Chaos to Harmony in Ten Weeks or Less Theresa Kellam presents a way to strengthen the relationship with the child that simultaneously promotes the parent's own emotional healing and wellness Grounded in a research supported therapeutic technique that uses structured play time as the catalyst for interpersonal connection and growth Kellam's model is subtle in its simplicity Through a series of guided exercises Kellam gives parents the skills they need to begin to set aside special playtimes with their children during which the most important part of the process is simply being there in a way that promotes healing growth and communication The beauty of this approach is that in only 30 minutes once a week the results can be seen in only a few weeks Features of the book include Parent Survival Tip at the start of each chapter Original cartoon illustrations bring text to life Short but insightful worksheet questions bring focus to the program *The Parent Survival Guide* is structured over a series of 10 chapters which can be read in conjunction with the 10 sessions of the CPRT workshops for those parents enrolled in a formal filial training program But the material in the book is designed to be read and implemented by anyone The author is not only a licensed psychologist and filial therapist but she has also gone through the program with her own son and continues to rely on its principles within her family **Only Dead on the Inside** James Breakwell, 2017-10-10 It's not easy being a parent these days There are bills to pay Kids to feed And hordes of undead monsters to keep at bay There are plenty of guides out there about how to survive the zombie apocalypse All of them assume readers are young fit and unencumbered by children In that scenario the only living humans left will be smug outdoorsy Millennials That's hell on earth even without the zombies *Only Dead on the Inside* is the answer for the rest of us Written by professional comedy writer and amateur father of four James Breakwell *Xploding Unicorn* *Only Dead on the Inside* blends

traditional parenting advice with zombie survival tips bringing together two totally unrelated genres in a book no one asked for but everyone needs This step by step manual teaches you how to raise happy healthy children in a world overrun by the undead Motivated moms and dads want it all and that won't change at the end of the world There's no reason you can't be a zombie killing machine AND parent of the year but you have to work for it If you want to make sure your family is apocalypse ready Only Dead on the Inside is your best and only chance at survival No pressure but if you don't read this book your children will die

**A First Time Parent's Survival Guide** Clifford Dale James, 2015-10-13 Why don't babies come with a how to manual Wouldn't it be nice to have a pediatrician there with you so you could remember what was said in those well visits and to ask simple questions to Finally a parenting book that is organized around your baby's well visits isn't written like a text book and meant to calm you down rather than scare you about all the very rare possibilities Dr Cliff James is a board certified Pediatrician in private practice for the last 15 years His goal was to write a book that could both inform and entertain a new parent With the help of his own baby Kaden you get a look at parenting from a pediatrician point of view as well as the mind of a baby toddler evil genius This book covers Choosing a pediatrician Feeding your baby Pee Poop Puke and Snot Vaccines What happens in the hospital Chapters for each well visit Developmental milestones Illnesses Injuries This book is designed to bring a little lightheartedness to parenthood with cartoons jokes and plenty of Dr James own disaster stories as a parent To often we as pediatricians and parents spend too much time emphasizing how much work it is to be a parent and lose sight of the fact children are hilarious and a great source of joy
