## Case Study 1

Today Tony is driving a double-deck service bus.

His shift starts at 6.00am and the outside temperature is - 5°C.

Tony didn't get much sleep last night as he and his wife have a newborn baby.

When he starts the bus he notices that the exhaust smoke looks a bit darker than usual.

Tony's route for the day will necessitate a mix of town and country road driving.

Tony knows that it is important that his passengers arrive at their destinations on time as some have trains to catch and some have meetings to attend.

Part of his route is used extensively by elderly people in the afternoons.
