Cronenwett, Kevin Osborn, Samuel Allen Streit, 2007 ARL has published a book and Web site profiling selected rare and special collections in major research libraries of North America. *Celebrating Research: Rare and Special Collections from the Membership of the Association of Research Libraries*. The compendium is a sampling of the abundance and variety of collections available for use. Special collections have been broadly construed to encompass distinctive rare and unique emerging media born digital, digitized, uncommon, non standard primary and heritage materials. *Celebrating Research* includes 118 collection profiles, each from a different ARL member library. Each profile is illustrated with color photographs and tells a story of a single collection recounting how the resources were acquired and developed. The compilation is rich with examples of how research libraries are engaging different communities to deliver library services and encourage the use of such distinctive collections. Also included is an introductory essay by British rare book expert Nicolas Barker and an appendix that provides a broad description of each library's special collection holdings and pertinent contact information. The book contains a detailed index; the Web site provides a search engine. The volume is the result of a collaborative effort among ARL member libraries on the occasion of the Association's 75th anniversary. It was edited by Philip N.
