**How to Wow with InDesign** Wayne Rankin, Mike McHugh, 2005 With InDesign CS quickly becoming the new king of the desktop publishing hill there's no shortage of books promising to get you up to speed. It's none however does so quite like this one which keeps the focus right where you as a designer want it: on designing. Providing just enough theoretical grounding to use the program effectively but omitting the tech heavy under the hood discussions that represent the core of other InDesign tomes, this full color guide uses gorgeous real world examples and simple step by step instructions to cover all of InDesign CS features including its newest the Story Editor, a Separation Preview palette, nested styles, the Package for GoLive command and more. As you work through chapters on text and typography, pages and documents, placed images, tables, color, special effects, multimedia, preflighting and more, you'll quickly master both the InDesign basics you need to get your job done and the advanced techniques that will give your pages that extra flair. A companion CD includes lesson files plus style sheets, templates, graphic libraries, images and more.

**New Directions in Garden Tourism** Richard W. Benfield, 2020-12-08  
Following on from the success of Garden Tourism, this book provides an update on the statistics and growth of the global phenomenon of garden visitation. It delves into new themes and contemporary trends from art and culture to psychographic profiling of visitors and how social media and semiotics are used to enrich visitor experience and fuel motivation. In addition to these new topics, the book also expands on important areas such as the continued rise of urban gardens, garden events, historic gardens and garden economics.
