SuperTargeting Amazon Affiliate Marketing Course , *The Red Queen Retail Race* Richard Cuthbertson, Olli Aleksi Rusanen, Lauri Paavola, 2023-05-17 The Red Queen Retail Race An Innovation Pandemic in the Era of Digitization considers how innovation through technological change has been transforming the retail sector in different markets and how such change has been accelerated through the impact of the Covid 19 pandemic The book is inspired by Alice s encounters of the Red Queen s race in the classic novel Through the Looking Glass by Lewis Carroll 1871 where it takes all the running you can do to keep in the same place This metaphor is illustrative for the service sector that is in a transition from a slow world towards a Red Queen race where running faster is not enough by itself It is changing how a consumer society operates replacing investment in the physical confines of products stores and geographical areas with investment in the apparently unbounded digital universe of information relationships and social networks Online and mobile services enable new entrants to bypass investments in fixed assets and avoid regulatory issues by employing new business models By leveraging such advantages technologically driven international competition has created substantial challenges
