Eisgruber argues that colleges and universities are largely getting free speech right Today s students engage in vigorous

discussions on sensitive topics and embrace both the opportunity to learn and the right to protest Like past generations they value free speech but like all of us they sometimes misunderstand what it requires Ultimately the polarization and turmoil visible on many campuses reflect an American civic crisis that affects universities along with the rest of society But colleges Eisgruber argues can help to promote civil discussion in this raucous angry world and they can show us how to embrace free speech without sacrificing ideals of equality diversity and respect Urgent and original Terms of Respect is an ardent defense of our universities and a hopeful vision for navigating the challenges that free speech provokes for us all **Anniversaries and Holidays** Ruth Wilhelme Gregory,1983 Presents a calendar with entries for each anniversary and holiday celebrated on any day and citing at least one source of information for each entry from the bibliography at the back of the book
