Consumer Behavior David L. Loudon,Albert J. Della Bitta,1984 Abstract A college textbook discusses various theoretical concepts of consumer behavior and marketing research and their practical applications The 21 chapters of the text are organized into 5 principal sections covering basic fundamentals and models for assessing consumer behavior developing an understanding of consumer behavior relative to marketing strategies environmental influences affecting consumer behavior from the general cultural subcultural i e ethnic social class structure family level and personal influence standpoints specific determinants of consumer behavior e g motivational aspects learning and memory aspects self conceptual factors attitude characteristics and their modification and factors influencing consumer decision processes with respect to recognition of decision problems and purchasing processes and behavior Photographs charts and tables are used extensively Specific case studies are reviewed at the end of each of the 5 sections and each chapter includes discussion questions wz *Law and Regulation of Mobile Payment Systems* Joy Malala,2017-11-28 Over the last ten years mobile payment systems have revolutionised banking in some countries in Africa In Kenya the introduction of M Pesa a new financial services model has transformed the banking and financial services industry Giving the unbanked majority access to the

financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in Kenya have bank accounts This book addresses the legal and regulatory issues arising out of the introduction of M Pesa in Kenya and its drive towards financial inclusion It considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity This is done with a view to understanding the regulatory capacity of Kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion It also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the Central Bank of Kenya has taken in addressing the legal and regulatory issues presented by mobile payments The book argues there are significant gaps in the regulatory regime of mobile banking in Kenya
