*From Broke to Backed: The One-Year Money Challenge That Actually Works* Felix Clarke, 2025-12-10 Most savings plans fail because they ask too much too soon You cut expenses feel deprived and quit within weeks The 52 week method works differently It starts small grows gradually and turns saving into a game you actually want to play This is not just another savings gimmick The method is built on behavioral psychology it works with your brain not against it You start by saving just 1 in week one then 2 in week two building momentum so gradually that saving never feels hard By week 52 you will have saved 1 378 without feeling like you sacrificed anything Learn why this challenge works when other plans fail how to customize it for your income level and how to stay motivated when life gets messy Discover which account types keep your savings safe but accessible how to automate the challenge so you never forget and what to do when you hit a rough week Explore real stories from people who used this challenge to fund emergencies pay off debt or finally take a vacation Get printable trackers app recommendations and strategies for staying on track when unexpected expenses hit Whether you are building your first emergency fund recovering from financial chaos or simply want to prove to yourself that saving is possible this guide makes it easy and even fun Start with a dollar End with a safety net Prove that small consistent actions create real wealth

**Sensory Parenting for Sensory Children** Tanya Van Dalen, 2023-03-21 When your child dysregulates half the battle is managing your own response In the moment you are at the mercy of many competing feelings embarrassment fear panic exhaustion Being able to recognise your own triggers and behaviours in order to stay calm and provide the best support to your child is not a skill that comes easily Helping parents and carers to reflect on themselves think about how they manage sensory meltdowns and give them some simple ideas on how to manage their own emotions in order to help their child this is a short and simple guide for those that parent or care for a child with sensory needs or a sensory processing disorder SPD Drawing on Porges polyvagal theory and using easy to follow animal analogies this will empower parents to build empathy for their child and themselves
