Empowered Josh Bernoff, Ted Schadler, 2010-09-14 It is the new normal Now all of your employees are Twittering away and friending clients on Facebook Not to mention customers who feel obligated to update your Wikipedia entry with product complaints In this new world dealing with empowered employees and customers Insurgents is only going to get more challenging Employees are using this technology in the workplace and customers are using it in the marketplace and neither obey the rules you set up This chaos is your future as a manager You could try to shut it down and shut it off Or you can harness it and reap the business benefits According to Josh Bernoff and Ted Schadler of Forrester Research the organization that brought you Groundswell your defense against insurgents is to enable them At its heart this is a book about how to scale the management of insurgency both the innovation of insurgent employees and the energy of insurgent customers The key is a process Forrester calls E Triple S for the four elements of managing insurgents effectively empowering selecting scaling and socializing While it is based in current trends the core concept of Managing Insurgents that the next management and innovation challenge is harnessing individuals empowered by mobile social and connected technology is a new idea In the wake of Groundswell dozens of social technology for business books cropped up And there are plenty of books on improving your customer service But there is no serious business book about management marketing and innovation in the throes of this trend When Insurgency hits it will be perceived not just as a sequel to Groundswell but as the start of a new management philosophy

Twitter is Not a Strategy

Tom Doctoroff,2014-11-11 In a cultural climate saturated by technology marketing professionals have focused their energies on creating newer and more digital methods of advertising their brands with the fear that if they don t embrace Big Data they will fade into obscurity But Tom Doctoroff Asia CEO for J Walter Thompson argues that this frenzy over digital and social media has created a schism in the marketing world that is hindering brands from attaining their true business potential The tension between traditional branding and the seemingly unlimited possibilities presented by the advent of digital branding leads companies to abandon the tried and true aspects of marketing for the flash of the new In Twitter is Not a Strategy Doctoroff explains why a strategy that truly integrates the two ideas is the best way for a brand to move into the future Using some of the biggest brand names in the world as examples such as Coca Cola Nike and Apple he breaks down the framework of marketing to explain how digital marketing can t stand without the traditional foundation *Brandweek* ,2010-04
