

MY CONFESSION

RECOLLECTIONS OF A ROGUE

BY SAMUEL CHAMBERLAIN

The background of the book cover features a stylized illustration. At the top, there is a textured orange and red sky. Below it, a range of grey mountains stretches across the horizon. In the foreground, a cowboy wearing a wide-brimmed hat and a red shirt is riding a brown horse, herding a group of other brown horses. The ground is depicted with light grey and tan washes, suggesting a dry, dusty terrain. In the bottom right corner, there are some dark, spiky lines representing desert vegetation like agave or yucca plants.

My Confession Samuel E. Chamberlain, 1996 Samuel Chamberlain's *My Confession* is a classic ribald tale of nineteenth century life Perhaps the best written account of a soldier's adventures and misadventures in the Mexican War and its aftermath this unexpurgated edition is now available for the first time complete with over 150 of Chamberlain's wonderful textual illustrations reproduced in full color If you enjoyed the Chamberlain paintings assembled in Sam Chamberlain's Mexican War The San Jacinto Museum of History Paintings you will be fascinated by the tale in *My Confession* that goes with it and beyond it into Chamberlain's adventures with the scalp hunting Glanton Gang the story that Cormac McCarthy used as the basis for his celebrated novel *Blood Meridian* *My Confession* is the story of Samuel Chamberlain a Boston boy who hoped to be a theological student but could not control his amorous and pugilistic inclinations and so left for the West According to his Confession he seduced countless women in the U S and Mexico never missed a fandango fought gallantly against Mexican guerrillas and rode with the First Dragoons into the Battle of Buena Vista His remarkable story is pure melodrama but Goetzmann has proven by his painstaking research that much of it is true The editor's annotations are a valuable contribution to an account that virtually every historian of the Mexican War has used

My Confession Samuel Emery Chamberlain, 2023 Samuel Chamberlain's *My Confession* is nothing short of a classic adventure story covering one man's lively experience during and after the Mexican War of 1846-48 Famous as an inspiration for Cormac McCarthy's *Blood Meridian* this work tells the uniquely American story of a young man fighting, romancing and drinking his way across the old West From the cold and drear winter day that Chamberlain left his home in Boston to volunteering as a Dragoon in Mexico and eventually scalp hunting in the desert Chamberlain never missed a battle fandango or opportunity for danger This memoir spares no detail of his time on campaign offering an expansive account of the Mexican War the men who fought it and the true wildness of the contemporary West This edition proudly produced by The Dissident Review includes dozens of Chamberlain's illustrations and watercolors offering a fascinating glimpse into 1840s America through the eyes of a true swashbuckler and soldier

Notes on Blood Meridian John Sepich, 2013-05-01 Sepich offers his insight and detailed research to the less knowledgeable reader He crafts a book that will delight the McCarthy specialists Western American Literature *Blood Meridian* 1985 Cormac McCarthy's epic tale of an otherwise nameless kid who in his teens joins a gang of licensed scalp hunters whose marauding adventures take place across Texas Chihuahua Sonora Arizona and California during 1849 and

1850 is widely considered to be one of the finest novels of the Old West as well as McCarthy's greatest work. The New York Times Book Review ranked it third in a 2006 survey of the best work of American fiction published in the last twenty five years and in 2005 Time chose it as one of the 100 best novels published since 1923. Yet Blood Meridian's complexity as well as its sheer bloodiness makes it difficult for some readers. To guide all its readers and help them appreciate the novel's wealth of historically verifiable characters, places and events, John Sepich compiled what has become the classic reference work, Notes on Blood Meridian. Originally published in 1993, Notes remained in print for only a few years and has become highly sought after in the rare book market with used copies selling for hundreds of dollars. In bringing the book back into print to make it more widely available, Sepich has revised and expanded Notes with a new preface and two new essays that explore key themes and issues in the work. This amplified edition of Notes on Blood Meridian is the essential guide for all who seek a fuller understanding and appreciation of McCarthy's finest work.

Religion in Cormac McCarthy's Fiction Manuel Broncano, 2013-11-20. This book addresses the religious scope of Cormac McCarthy's fiction, one of the most controversial issues in studies of his work. Current criticism is divided between those who find a theological dimension in his works and those who reject such an approach on the grounds that the nihilist discourse characteristic of his narrative is incompatible with any religious message. McCarthy's tendencies toward religious themes have become increasingly more acute, revealing that McCarthy has adopted the biblical language and rhetoric to compose an apocryphal narrative of the American Southwest while exploring the human innate tendency to evil in the line of Herman Melville and William Faulkner, both literary progenitors of the writer. Broncano argues that this apocryphal narrative is written against the background of the Bible, a peculiar Pentateuch in which Blood Meridian functions as the Book of Genesis, the Border Trilogy functions as the Gospels, and No Country for Old Men as the Book of Revelation, while The Road is the post-apocalyptic sequel. This book analyzes the novels included in what Broncano defines as the South Western cycle, from Blood Meridian to The Road, in search of the religious foundations that support the narrative architecture of the texts.

Different Travellers, Different Eyes Peter Wild, Donald A. Barclay, James H. Maguire, 2001. The early American West has been depicted in art as a land of harsh struggles, a place of heavenly miracles and everything in between. The narratives in Different Travellers, Different Eyes record journal and diary impressions of life in the nineteenth and early twentieth century western American frontier. And some of the artists' writings portray a picture far different from their well-known paintings, sculptures and photographs. Different Travellers, Different Eyes includes memoirs by Titian R. Peale, George Catlin, Alfred Jacob Miller, John James Audubon, Father Nicolas Point, Paul Kane, Samuel Chamberlain, Frank Marryat, Solomon Nunes Carvalho, Balduin Mollhausen, Worthington Whittredge, William Keith, Kicking Bear, Mato Wanahtaka, Mary Hallock Foote, Frederic Remington, Thomas Moran, Emily Carr, Ernest L. Blumenschein, Maynard Dixon, Edward S. Curtis, and Charles M. Russell. Jacket.

Unwilling Cal Bedient's third collection a series of poems of mixed dialects and cadences weave together into a spiritual intensity that questions and queries our very existence in a universe that is spinning off its rails from the get go Themes of art and artifice sex and love and even the ordinary details of life are alternately stripped down and dolled up with Bedient's signature polyphonic wizardry Brilliantly going where it hurts Bedient doesn't let up he cuts a wild wicked swath through each page with acumen and fecundity

Sacred Violence Wade Hall, Rick Wallach, 2002

On the Prairie of Palo Alto Charles M. Haecker, Jeffrey Gordon Mauck, 1997 The Battle of Palo Alto marked several firsts in American history a new generation of professional soldiers Ulysses S Grant George G Meade and James Longstreet provided a wealth of expert knowledge to their senior officers the military demonstrated the superior qualities of their newly introduced flying artillery one that would see fruition during the far greater epoch of the Civil War and graduates of the U S Military Academy experienced their first major test The battle was essentially an artillery duel that pitted highly effective U S cannon against Mexican cannon of antiquated design The Americans rapidly deployed at will two field batteries each consisting of six and twelve pounder guns and howitzers Two eighteen pounder siege guns periodically hauled forward by teams of oxen contributed to the decimation of the Mexican

infantry In contrast Mexican four and eight pounder guns lacked the maneuverability and range needed to check their aggressive adversary Although the Mexicans attempted flanking and frontal attacks on the U S lines they were repulsed with heavy losses Unable to maneuver and confused and bloodied after standing all day under artillery fire the Mexicans withdrew In *On the Prairie of Palo Alto* Charles M Haecker and Jeffrey G Mauck use an interdisciplinary approach combining research of a historian with that of a historical archaeologist to present an accurate version of how the battle developed and concluded By reviewing historical accounts of the battle comparing and contrasting both Mexican and U S documents pertaining to the battle analyzing contemporary battlefield maps and examining relevant areas of the battlefield site itself the authors have determined that several significant differences between the American and Mexican versions of battle events and that the American version more closely approximates the truth Military historians and U S Mexican War enthusiasts will find this analysis of the actual conduct of the battle interesting and insightful
