## **My Favourite Election Anecdotes And Snippets:**

*My Wonderful World of Elections* Carl W. Dundas, 2011-12-27 This book is an election autobiography which aims to narrate my experience of more than thirty years in the electoral field. My hands on encounter with election colleagues in various aspects of electoral work will be of interest to democratic enthusiasts and stakeholders alike in many parts of the democratic world. The impressions of well known election personalities and famous heads of States and governments encountered in connection with aspects of elections will be interesting to many curious readers. The role of women in elections comes under scrutiny and the growing importance of gender issues in elections noted approvingly **Electoral Essays and Discourses** Carl W. Dundas, 2014-03-05 This book contains five electoral essays and five discourses which explore issues impacting on free fair and credible election organisation and conduct with special attention on best practices in the Commonwealth and the African Union. The essays constitute part 1 and the discourses part 2 of the book. It describes and analyses the slow and cautious restart of the process of democratic elections in Nigeria examining the missteps along the way from the first to the fourth electoral cycle which ended in 2011 which constitute essay I. Essay II deals with the development of election observation together with mechanisms to strengthen the effectiveness thereof in the African Union and promote the technical capabilities of African Union electoral management bodies. Essay III seeks to compare aspects of election observation by the Commonwealth and the African Union. Essay IV examines best electoral practices in the Commonwealth and the African Union and essay V with the potential use of alternative dispute resolution in elections in the Commonwealth and the African Union. The discourses vigorously explore current electoral issues that slant towards further development in the near future. Discourse A is about youth and elections. It discusses how youth can participate more effectively in elections. Discourse B looks at the dimensions of political finance with particular attention to campaign financing. Discourse C is about incumbency and elections and discusses the nature and impact of incumbency on elections. Discourse D is about the culture of impunity which affects many electoral management bodies and in particular as it pertains to election violence. Discourse E deals with the impact of social media on election preparation and conduct.

**Exploring Best Electoral Practices** Carl W. Dundas, 2015-04-21 The family of best electoral practices is growing in most democracies. It can be found in mature and new as well as in emerging democracies perhaps more common in the former than in the latter two categories. The goal of best electoral practices is to improve election administration and services to the electorate. Best electoral practices are showing steady upward growth in emerging democracies and the potential for continued growth is positive. Widespread international interest in democratic elections and improved international and national election observation harmonization procedures will continue to assist in improving election administration. The use of electoral technologies and the notional entry into the age of digital democracy will undoubtedly aid and enhance best electoral practices aspirations in many emerging democracies.
