**Red Alert** Stephen Leeb, 2011-10-19 I would caution readers to dismiss Stephen Leeb's warnings only at their peril Thomas Kaplan chairman Tigris Financial Group *The American Dream* is close to being replaced by a living nightmare Key commodities that are essential to our daily lives and that are widely believed to be abundant are running critically short Even worse the Chinese are doing what they can to monopolize the world's dwindling resources The U S is now largely dependent on our greatest economic rival for rare earth elements as well as a host of other minerals all of which are absolutely essential to the development of alternative energies and are critically important for our defense industry computers cell phones and other electronic devices While America has been fighting wars in Iraq and Afghanistan China has

focused its substantial muscle on securing vital commodities from these and other lands to upgrade its infrastructure and industrial strength to meet the resource challenge head on China has wrapped itself in the green flag of combating climate change while systematically discouraging other nations from adopting similar policies in a bid to gain time to achieve its plans Red Alert is a provocative and frightening look at the growing political economic and social power of China and the threat that nation poses to the Western world It lays out how the Chinese are strategizing to overtake the United States as the world s premier economic power and details how our failure to respond quickly will result in a permanently lower standard of living for Americans Peppered with startling statistics charts and evidence of how China continues to expand its economic reach Red Alert is both controversial and powerful in its scope *The Writers Directory*, 2013 **Четвертое июня. Yue, Carolyn Wakeman, 1987-03-16 *To the Storm* by Yue Daiyun and Carolyn Wakeman is the fascinating story of Yue Daiyun a faculty member at Beijing University Yue Daiyun was a revolutionary from her early school days She had been a child during the anti Japanese war and hated the Guomundang Accepted as a student at Beida in 1948 she joined the Communist Party s underground Democratic youth League and became a Party member the following year and helped with the Liberation of Beijing In this interesting autobiography Yue Daiyun tells her story of the life she and her family lived during these somewhat violent and terror filled years in China Amazon com **THE TWO CHINAS** ,1962 China's Son Da Chen, 2001 A candid memoir about growing up during the Chinese Cultural Revolution adapted by the author from his *Colors of the Mountain* published by Random House Da Chen was born in China in 1962 The grandson of a landlord he and his family were treated as outcasts in Communist China In school Da was an excellent student until a teacher told him that because of his family s crimes he could never be more than a poor farmer Feeling his fate was hopeless Da responded by dropping out and hanging around with a gang However after Mao s death Da realized that an education and college might be possible but he had to make up for the time he d wasted He began to study all day and into the night His entire family rallied to help him succeed working long hours in the rice fields and going into debt to ensure that Da would have an education When the final exam results were posted he had one of the highest scores in the region and had earned a place at the prestigious Beijing University Now his family s past would not harm their future From the Hardcover edition **Blood Red Sunset** Bo Ma, 1995 In a startlingly vivid strangely objective personal narrative Ma Bo who was denounced as an active counterrevolutionary in 1968 opens a window on the Chinese psyche that no work of history can provide telling a passionate tale of a humanity that survives against all odds a tale of ideology and disillusionment that will speak to all readers **The Two Chinas** Daniel Lyons, 1970 *The Cowshed* Ji Xianlin, 2016-03-08 The Chinese Cultural Revolution began in 1966 and led to a ten year long reign of Maoist terror throughout China in which millions died or were sent to labor camps in the country or subjected to other forms of extreme discipline and humiliation Ji Xianlin was one of them *The Cowshed* is Ji s harrowing account of his imprisonment in 1968 on the campus of Peking University and his subsequent disillusionment with the cult of Mao As the campus spirals into a political frenzy Ji a professor of Eastern languages is persecuted by lecturers and students from his own department His home is raided his most treasured possessions are destroyed and Ji himself must endure hours of humiliation at brutal struggle sessions He is forced to construct a cowshed a makeshift prison for intellectuals who were labeled class enemies in which he is then housed with other former colleagues His eyewitness account of this excruciating experience is full of sharp irony empathy and remarkable insights into a central event in Chinese history In contemporary China the Cultural Revolution remains a delicate topic little discussed but if a Chinese citizen has read one book on the subject it is likely to be Ji s memoir When *The Cowshed* was published in China in 1998 it quickly became a bestseller The Cultural Revolution had nearly disappeared from the collective memory Prominent intellectuals rarely spoke

openly about the revolution and books on the subject were almost nonexistent By the time of Ji's death in 2009 little had changed and despite its popularity *The Cowshed* remains one of the only testimonies of its kind As Zha Jianying writes in the introduction The book has sold well and stayed in print But authorities also quietly took steps to restrict public discussion of the memoir as its subject continues to be treated as sensitive The present English edition skillfully translated by Chenxin Jiang is hence a welcome valuable addition to the small body of work in this genre It makes an important contribution to our understanding of that period
