**Constitutionalism and Legal Change in Myanmar** Andrew Harding,Khin Khin Oo,2017-01-26 Myanmar's Constitution of 2008 was the road map for the reform process that began in 2011 Despite extensive criticism of this Constitution for its emphasis on the role of the military much progress has been made towards constitutional government and law reform With the election of the opposition NLD to government in the general election of November 2015 and the presidential electoral college election of March 2016 now is the time to consider the Constitution and prospects and needs for constitutional change as Myanmar moves towards democracy and the rule of law Much has been made of the Constitution's rigidity which is seen as an obstacle to reform and inconsistent with embracing the rule of law human rights and multi party democracy especially with a rapidly transforming state and society Nonetheless the Constitution is also seen as having potential to be a very positive force for reform Many issues arise now for constitutionalism and constitutional change presidency federalism and territorial governance the status of minorities and freedom of religion civil liberties in what is described as a discipline flourishing democracy the courts justice and the rule of law the electoral system and many more This book is an attempt to gauge the extent and potential for the entrenchment of constitutionalism in Myanmar in a rapidly changing environment

**Historical Dictionary of Burma (Myanmar)** Donald M. Seekins,2017-03-27 Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation With the dissolution of its military regime the State Peace and Development Council in 2011 a formally

civilian but military dominated constitutional government was inaugurated By 2012 Burma s president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country s pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators However even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people s security and the environment are threatened by foreign economic exploitation Religious discord is also widely evident as Buddhist militants instigate violence against the country s religious minorities especially Muslims Today Burma s prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy This edition of the Historical Dictionary of Burma Myanmar encompasses not only current developments but also Burma s over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy This is done through achronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture

Katz,2006    Crafting Parliament in Myanmar's Disciplined Democracy (2011-2021) Renaud Egretteau,2022-03-01 In January 2011 parliament was restored in Myanmar after two decades of military rule Startlingly it began to repeal obsolete laws scrutinize government expenditures summon ministers to the floor and discuss the state s annual budget It also allowed its elected representatives to make public the grievances collected from constituents infuriated at enduring practices of land confiscation petty corruption and everyday abuses of power Yet ten years later in February 2021 parliament was shut down again by a coup d tat What has been learned in the span of a decade of post junta parliamentary resurgence How could an elected legislature resurface and function in a country that had only limited

experience with parliamentary affairs and representative politics since its independence from British rule. What lessons can be drawn from the Myanmar case for parliamentary institution building and legislative developments and decay in post authoritarian and praetorian contexts? This book offers a compelling account of Myanmar's halting efforts to develop the institutional framework and practice of a parliament based democratic governance between 2011 and 2021. It charts the stages of such a legislative resurgence tracing its causes and exploring how various institutional and political legacies both informed and constrained the re establishment and operations of the Union legislature or Pyidaungsu Hluttaw. Embracing both ethnographic observations and a methodical engagement with legislative proceedings and historical material Renaud Egreteteau investigates how parliamentary life re emerged in Myanmar in the 2010s. His analysis concentrates on key legislative mechanisms processes and tasks pertaining to government oversight budgetary control representation and lawmaking and interrogates how they were learned re appropriated and mis performed by Myanmar's new breed of legislators and parliamentary staff until the 2021 army takeover. **Resource Book**, 2005 **Südostasien aktuell**, 2008
