### **Austrian Theory and Economic Organization**

G. Nell,2014-08-13 The Austrian economic school famously predicted and explained the problems of calculation in a socialist society With their concept of spontaneous order they challenged mainstream economists to look beyond simplified static models and consider the dynamic and evolutionary characteristics of social orders However many feel that Austrians took their victory too far and became ideologically devoted to laissez faire Austrian Theory and Economic Organization is a collection of essays on problems and possibilities in economic organization written by economists and political scientists with an interest in the dynamic and evolutionary nature of market economies Each chapter explores areas of potential agreement between Austrian theory market socialist economics and other heterodox schools of economic and political science The collection aims to bridge cultural and political divisions between free market advocates who stress individual rights and left leaning thinkers who stress social justice and a culture of solidarity

[China's Iron Ore Boom](#) Luke W. L. Hurst,2016-07-01 China's emergence as the world's second largest economy has been driven by more than four decades of explosive growth To support this expansion China has required massive expansion in its steel production capacity which is highly correlated to its demand for iron ore imports The scale and pace of China's iron ore demand shock has pushed the global iron ore market into a historical adjustment Using economic frameworks this book brings to bare new data and field observations throughout Asia and Africa to investigate how the rapid growth in China's iron ore demand has affected the organisation and structure of the global iron ore market The research provides several important contributions to the extant literature including analysis of whether the Big Three Asian market iron ore exporters coordinated to sustain the profits arising from the price boom estimating the financial impact of the Chinese state's intervention in iron price negotiations and addressing the concerns arising from the Chinese state's provision of cheap financial support for its companies iron ore procurement Offering unique insights into China's economic rise and the structure of the iron ore market
