

**New Way Additional Mathematics** is a student-oriented series to help students learn the relevant concepts and skills with ease for Assessment Examinations. It not only includes abundant self-exploring materials for the Hong Kong Certificate of Education Examination, but also bridges the gap between the three levels of mathematics and covers more than Mathematics 1. This comprehensive mathematical and grammatical series is an innovative Additional Mathematics textbook for both students and teachers.

**Special Features:**

- Simple and clear English
- Inductive and conceptual approach
- Well graded examples and carefully selected exercises
- Most boxes and tips helping students to understand difficult steps in solutions and learn the solving techniques
- Abundant graded exercises containing the latest trends
- Chapter objectives and summary at the beginning and the end of each chapter respectively giving brief introduction and detailed learning materials covered
- Full indexes giving further examples and practice that improve the learning materials at each topic
- Concepts, theorems and formulae highlighted in colour
- Chinese translations of mathematical terms
- Appendix consisting of answers and index

In addition, the Teacher's Edition that incorporates comprehensive teaching materials, suggested solutions for all problems and exercises, and comments for MCQs questions is provided for teachers to help them in preparing lessons.
