

The background of the book cover is an expressionist painting. It depicts four men in a room. On the left, a man in a blue suit and white shirt looks towards the center. In the foreground, a man in a purple jacket and white shirt is seated, looking down at a newspaper or document he is holding. In the center, a man in a grey suit and green vest looks towards the right. On the right, a man in a dark suit and glasses looks towards the center. The painting uses a rich, somewhat muted color palette with visible brushstrokes, characteristic of the Die Brücke movement. A window in the background shows a landscape with a red building and greenery.

the Brücke group to German modernism specifically and to international modernism more generally. It challenges, interrogates and updates existing orthodoxies in the field of Brücke studies by deploying new research combined with innovative interpretative approaches. This is an exciting volume of essays with an interlinking tripartite structure that charts the significance of this pioneering German avant-garde group in relation to various critical themes: namely cultural and material identity, collectivity and selfhood, as well as defamation and rehabilitation. The book is unique in the field in that it seeks to excavate specific historical research relating to the activities of the Brücke as a bohemian yet nonetheless enterprising artists' community and considers the contributions of the key members in relation to the dynamics of that group rather than simply on an individual basis. It thoroughly explores the historiography of the Brücke artists' reception throughout the turbulent history of the twentieth century up until the present day. Ernst Ludwig Kirchner Katharina Beisiegel, Thorsten Sadowsky, Hanna Strzoda, Christian Weikop, Silvia Dolz, Lucius Grisebach, Wolfgang Henze, Thomas Roske, Jill Lloyd, Martina Nommsen, 2018. Ernst Ludwig Kirchner 1880-1938 is one of the best-known painters and sculptors of German Expressionism. As co-founder of the artists' group the Brücke at the beginning of the twentieth century, he is also one of the most important artists of the avant-garde. His life and work were deeply shaped by his search for the exotic and primordial, for foreign lands and cultures. What resulted were brilliantly colourful, imaginative artworks in which he created foreign worlds. This book traces the stages of Kirchner's life and artistic development. It illustrates how, by synthesising a great variety of influences from non-European cultures, the artists achieved an intermingling of art, life and work that manifested itself as exotic Gesamtkunstwerk, not only in his work but also in his life in studios. **Journal of the Society of Architectural Historians** Society of Architectural Historians, 1994. Includes special issues: **German Expressionism** Dorothy Price, 2020-06-24. This book presents new research on the histories and legacies of the German Expressionist group Blaue Reiter, the founding force behind modernist abstraction. For the first time, Blaue Reiter is subjected to a variety of novel interdisciplinary perspectives ranging from a philosophical enquiry into its language and visual perception to analyses of its gender dynamics, its reception at different historical junctures throughout the twentieth century, and its legacies for post-colonial aesthetic practices. The volume offers a new perspective on familiar aspects of Expressionism and abstraction, taking seriously the inheritance of modernism for the twenty-first century in ways that will help to recalibrate the field of Expressionist studies for future scholarship. Blaue Reiter still matters, the contributors argue, because the legacies of abstraction are still being debated by artists, writers, philosophers and cultural theorists today. **Exhibitions that Made Art History: Salon to Biennial, 1863-1959** Bruce Altshuler, 2008.
