**Mystery School in Hyperspace** Graham St John, 2015-11-24 Since the mid 1950s the psychoactive compound DMT has attracted the attention of experimentalists and prohibitionists scientists and artists alchemists and hyperspace emissaries While most known as a crucial component of the jungle alchemy that is ayahuasca DMT is a unique story unto itself Until now this story has remained untold Mystery School in Hyperspace is the first book to delve into the history of this substance the discovery of its properties and the impact it has had on poets artists and musicians DMT has appeared at crucial junctures in countercultural history William Burroughs was jacking the spice in Tangier at the turn of the 1960s It was present at the meeting between Ken Kesey s Merry Pranksters and Tim Leary s associates It guided the inception of the Grateful Dead in 1965 It showed up in Berkeley in the same year falling into the hands of Terence McKenna who would eventually become its champion in the post rave neo psychedelic movement of the 1990s Its indole vapor drifted through Portugal s Boom Festival and has been evident at Nevada s Burning Man where DMT has been adopted as spiritual technology supplying shape color and depth to a visionary art movement The growing prevalence of use is evident in a vast networked independent research culture and in its impact on fiction film music and metaphysics As this book traces the effect of DMT s release into the cultural bloodstream the results should be of great interest to contemporary readers The book permits a broad reading audience to join ongoing debates in studies in consciousness and theology where the brain is held to be either a generator or a receiver of consciousness The implications of the spirit molecule or the brain s own psychedelic among other theories illustrate that DMT may lift the lid on the Pandora s Box of consciousness Features a foreword by Dennis McKenna cover art by Beau Deeley and thirty color illustrations by various artists including Alex Grey Android Jones Martina Hoffmann Luke Brown Carey Thompson Adam Scott Miller Randal Roberts along with Jay Bryan Cyb Orryelle Defenestrade Bascule Art Van D lay Stuart Griggs Jay Lincoln Gwyllm Llwydd Shiptu Shaboo Marianna Stelmach and Mister Strange Regarded as the nightmare hallucinogen or celebrated as the spirit molecule labelled psychotogenic or entheogenic considered a dangerous drug or the suspected X factor in the evolution of consciousness DMT is a powerful enigma Documenting the scientists and artists drawn into its sphere of influence navigating the liminal aesthetics of the breakthrough experience tracing the novum of hyperspace in esoteric and science fiction currents Mystery School in Hyperspace excavates the significance of this enigmatic phenomenon in the modern world Exposing a great many myths this cultural history reveals how DMT has had a beneficial influence on the lives of those belonging to a vast underground network whose reports and initiatives expose drug war propaganda and shine a light in the shadows This conversation is highly relevant at a time when significant advances are being made to lift the moratorium on human research with psychedelics *Alchemically Stoned - The Psychedelic Secret of Freemasonry* P.D. **Global Ayahuasca** Alex K. Gearin, 2024-08-06 Surveying contemporary networks and practices in Peru Australia and China anthropologist Alex K Gearin explores the visionary marvels wonders and diversity of ayahuasca drinking today Ceremonies of drinking the psychoactive brew ayahuasca have flourished across the planet in recent decades Emerging from Indigenous roots in the Amazon rainforest the brew is now envisaged by many as the spiritual gateway to archaic and primordial worlds with reports of healing spiritual insight and awe inspiring visions placing ayahuasca among the burgeoning field of psychedelic medicines Astonished and allured by descriptions of ayahuasca experiences researchers in psychology anthropology and philosophy have attempted to define the shared properties of the visions In this book Alex Gearin challenges this simplified obsession with universal truth and explores the embodied practices of contemporary ayahuasca drinkers to reveal how the brew has conjured contradictory experiences across the globe These range from urban

disenchantment and capitalist mastery to competitive sorcery and ecological harmony wherein the plant induced visions embody different attitudes towards capitalist modernity Based upon ethnographic research among Shipibo healers in remote Peru alternative medicine groups in urban Australia and entrepreneurs and corporate managers in mainland China Global Ayahuasca examines how the wondrous visions of ayahuasca are entangled within the social and economic realities that they illuminate revealing different tensions fears and hopes of everyday modern life      Strange Attractor Graham St

Mathematics is the biometer of intellectual evolution Hence the determination of the status quo of the intellect at any time can be accomplished most satisfactorily by applying to it the rigorous measure of the mathematical method The intellect has but one true divining rod and that is mathematics By day and by night it points the way unerringly so long as it leads through materiality but falteringly blindly fatally when that way veers into the territory of vitality and spirituality Wherefore when we have wished to ascertain the real status of the intellect as well as its limitations tendencies possibilities we have turned to its conduct in the field of mathesis where it is least trammled in its ingressive and egressive motivations because of the natural and easy accommodation which is offered for intellectual movement Whether there are signs of moribundity or symptomatic evidences of marked growth or of a termination of intellectual regnancy or whatever may be the occasion for the examination no surer index than the mathematical may be found for the purpose Full logical justification is therefore claimed for the choice of mathematical evidences to test the assumption that a new era of conscious mental conquest is opening for the vanguard of humanity and sequently for the human family      *The Writers Directory* ,2013      **List-o-tapes** ,1989      *The Elementary School Library Collection, Phases 1-2-3* ,1988      **The American Mathematical Monthly** ,1920 Includes
