New Millennium Bible Revised Words:

The Religion of Man Vs. the Word of God D. C. Darr, 2010-06 God gave us His Word to guide us on how we need to live our lives The problem is mankind also has free will and with it comes an ego In *The Religion of Man vs the Word of God* How Man Makes God Conform to Man's Image author D C Darr has assembled a collection of topics exposing the arrogance of defining God in man's terms We as Christians have become comfortable allowing our religious messengers philosophers and interpreters to form our opinion of who God is and what the Bible tells us In this dangerous comfort zone we do not question the opinion of our religious leaders but instead accept it as fact Discover with author D C Darr the serious offenses people have committed using manmade theologies Find out how the doctrines of religion have led man to create 38 830 Christian denominations and dozens of Bible interpretations This controversial expos points out the consequences of blatantly defying God intending to give readers a better understanding of and relationship with our Father in Heaven [Biblical Studies on the Internet](#) Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4 800 resources available at more than 10 000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages audio translations of the Bible in English and other languages commentaries dictionaries and other resource materials including ones in Greek Hebrew and other ancient languages The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself In cases when ten or more resources are listed on a single web page the author has assigned the web page a three digit code The code is used to identify this web page as a major resource within the main text while any needed instructions for use of the site are cross referenced separately in the final chapter In adopting this concise method the author was able to add hundreds of additional or updated web resources a surprising number of which can be downloaded onto a hard drive for immediate and continued use **New Millennium Bible - Revised Edition** Brian Sylvester Gooch, 2015-12-05 The New Millennium Bible is a book for the masses created with the basic intent of all Bibles allowing the reader to learn know and change in accordance with the Teachings of Jesus We all know the texts of the Bible contain no chapter and verse number divisions originally Have you ever wanted to read the writings of the messengers of Jesus in letter format as the writers intended We also know Hebrew Chaldean and Greek are the original languages of the Bible text subsequently translated into English Because of this an almost innumerable array of study tools lexicons dictionaries and cross references exist in order to give us the true meaning of the text Have you ever wanted to read the writings of the messengers of Jesus in a form requiring no special external tools to facilitate understanding Well this book gives you the means to do so in a compact and precise format understandable and self explanatory text without the standard Bible chapter and verse divisions The narratives of the life of Jesus read as they should like a story The Letters from the Apostles read like letters and not academic dissertations This is a book that informs encourages and enlightens us to the

ways of The Almighty Chapter Divisions and Verse Division serve us well in academia giving all a standardized system of referencing any particular section of the text However the arbitrary divisions within the text often disconnect the continuity of the thoughts of the writers and thereby misrepresents the intent of The writers Do Chapters and Verses prevent us from understanding the Bible NO Should the study of the Bible text discontinue and are study tools relics to shun NO NO And NO The abuse of the chapter and verse system has caused many would be believers to engage in sound bite religion where snippets verses replace substance as multitudes use individual verses to make their point Amidst this deafening sound of talking heads the truth is often lost in the noise Religious leaders stand before congregations and boldly declare the words of their sermons and messages built upon a single or few verses of text from the Bible with no regard for context For many the Bible has become a collection of fortune cookie sayings horoscopes and daily devotional snippets Was this God s intent Was this the intention of the writers Was this the intention of Jesus and his apostles This is not a remedy to the sound bite distortion of our Holy text but this is a tool to assist us in reading the Bible without chapter and verse clutter and possibly start us down the ancient path of understanding again My prayer is that all gain a clearer understanding of the message relayed through the Bible This is a unique expression of the most impactful words and events in human history This is Volume contains Matthew Revelation **Ordained Before the World: A Catholic Apologetic** James E.
