**The Wiley Handbook of Educational Supervision** Sally J. Zepeda, Judith A. Ponticell, 2018-11-20 An authoritative guide to educational supervision in today's complex environment. The Wiley Handbook of Educational Supervision offers a comprehensive resource that explores the evolution of supervision through contributions from a panel of noted experts. The text explores a wealth of topics including recent and dramatic changes in the complex context of today's schools. This important resource Describes supervision in a historical context. Includes a review of adult learning and professional community. Reviews new teacher preparation and comprehensive induction systems. Contains perspectives on administrative feedback, peer coaching and collaboration. Presents information on professional development and job embedding learning. Examines policy and implementation challenges in teacher evaluation. Written for researchers, policy analysts, school administrators and supervisors. The Wiley Handbook of Educational Supervision draws on concepts, theories and research from other closely related fields of study to enhance and challenge our understanding of educational supervision.

*Over-Tested and Under-Prepared* Bob Sornson, 2022-11-23 Pressured by standardized testing and rigid pacing guidelines, many schools are forced to cover too much content too quickly without being able to meet the needs of individual students. In this powerful book from acclaimed author and presenter Bob Sornson, you'll learn how shifting from curriculum based instruction to competency based personalized learning can help students become more successful, confident and engaged learners. Each chapter is easy to digest and provides compelling research strategies and anecdotes to inspire conversation and action. This second edition provides updated statistics and examples of schools successfully using competency based learning models to help you bring about meaningful change. Teachers, administrators and community leaders will all find practical resources and a clear rationale for transforming our current educational system into a new dynamic model of teaching and learning.
