Advances in Design and Digital Communication V Nuno Martins, Daniel Brandão, 2024-12-23 This book reports on research findings and practical lessons featuring advances in the areas of digital and interaction design, graphic design and branding design education, society and communication in design practice and related ones. Gathering the proceedings of the 8th International Conference on Digital Design and Communication Digicom 2024 held on November 7-9 2024 as a hybrid event in Barcelos, Portugal, this book continues the tradition of the previous ones reporting on new design strategies to foster digital communication within and between the society, institutions and brands. By highlighting innovative ideas and reporting on multidisciplinary projects, it offers a source of inspiration for designers of all kinds, including graphic and web designers, UI/UX and social media designers, and to researchers, advertisers, artists and brand and corporate communication managers alike.

Competitiveness of New Industries Cornelia Storz, Andreas Moerke, 2014-04-08 This book is the result of an international research project that comprises a comprehensive comparison of three key countries. Adopting an institutional approach with top-level contributors, it analyzes political factors in conjunction with entrepreneurial ones.
