way to help with that transition I purposely have done my best to make this handbook a little more casual and fun then what you expect from most Mac OS manuals Mac OS is an operating system and any guide you read should be an equally fun read Each chapter starts with bullet points on what will be covered so if something you already know you can skip right ahead if you only need to know how to use new features the book is also formatted in a way that these stand out Are you ready to start enjoying the new Mac OS Then let s get started *My First MacBook / MacBook Air* Andie
