The Internet Guide for New Users Daniel P. Dern,1994 A very practical and complete resource guide to Internet that not only shows newcomers how to get up and running but also provides key information for the experienced user Coverage includes a discussion of Internet navigation tools like Gopher and WAIS and how commercial services a formerly taboo area for Internet are being introduced and used on the network Paper edition unseen 27 95 Annotation copyright by Book News Inc Portland OR

Digital Degrowth Michael Kwet,2024-08-20 A fascinating book that takes degrowth in new directions Jason Hickel author of Less is More A must read for anyone who wants to know the brutal truth of digital colonialism driven by the American empire Kohei Saito author of Slow Down The world is racing toward an irreversible ecological catastrophe Environmental science makes clear that humans must reduce total material resource use requiring a radical redistribution of wealth within and between countries Yet little attention has been paid to how the digital economy fits into this equation Michael Kwet a leading expert on digital colonialism presents a new paradigm for the digital society Merging the science of degrowth with a global analysis of the high tech economy he argues that digital capitalism and colonialism must be abolished quickly In Digital Degrowth Kwet maps out a path to a people s tech future He calls for direct action against Silicon Valley US imperialism and power elites everywhere in order to realize a radically egalitarian digital society that fosters equality in harmony with nature

Specworld John Thornton Caldwell,2023-01-24 John Thornton Caldwell s landmark Specworld demonstrates how twenty first century media industries monetize and industrialize creative labor at all levels of production Through illuminating case studies and rich ethnography of colliding social media and filmmaking practices Caldwell takes readers into the world of production workshopping and trade mentoring to show media production as an untidy social construct rather than a unified stable practice This messy complex system he argues is full of discrete yet interconnected parts that include legacy production companies marketers and influencers aspirant online producers data miners financiers talent agencies and more Caldwell peels away the layers of these embedded production systems to examine the folds fault lines and fractures that underlie a risky high pressure and often exploitative industry With insights on the ethical and human predicament faced by industry hopefuls and crossover creators seeking professional careers Caldwell offers new interpretive frames and research methods that allow readers to better see the hidden and multifaceted financial logics and forms of labor embedded in contemporary media production industries
