*Out of Poverty* Paul Polak, 2009-09-07 An exciting new approach to lifting people out of poverty that rejects the ineffective top down mindset Steve Wozniak cofounder of Apple Computer Based on his twenty five years of experience Paul Polak explodes what he calls the Three Great Poverty Eradication Myths that we can donate people out of poverty that national economic growth will end poverty and that big business operating as it does now will end poverty Polak shows that programs based on these ideas have utterly failed in fact in sub Saharan Africa poverty rates have actually gone up These failed top down efforts contrast sharply with the grassroots approach Polak and his organization International Development Enterprises have championed helping the dollar a day poor earn more money through their own efforts Amazingly enough unexploited market opportunities do exist for the desperately poor Polak describes how he and others have identified these opportunities and have developed innovative low cost tools that have helped in lifting seventeen million people out of poverty

*Out of Poverty (EasyRead Super Large 20pt Edition)* , ***Out of Poverty*** Paul Polak, 2009-03-31 For the past twenty five years two questions have kept my curiosity aroused What makes poor people poor And what can they do about their poverty Because of these infernal questions I ve dozed off during hundreds of long jeep rides with good companions over dusty potholed roads I ve had thousands of conversations with one acre farmers with dirt on their hands We ve walked along their patches of ten foot high black pepper vines in the central hills of Vietnam beside jungle permanently scarred by Agent Orange We ve strolled together through their scattered quarter acre plots in the drab brown winter plains of the Gangetic delta in Uttar Pradesh and they have offered me more cups of steaming tea than my seventy three year old kidneys can take I love discovering new things from people nobody else ever seems to listen to and I love talking them into trying out some of the crazy ideas that we come up with together I have learned more from talking with these poor farmers than from any other thing I have done in my life This book will tell their story and describe some of the things these people have taught me
