Matthew into many different industries along with creating his own books and programs to teach people how he's been able to monetise Google Search Engine to create multiple income streams. Matthew's notable mentors and business partners include Tony Robbins, Naveen Jain, Forbes Riley, Tai Lopez and Ekim Kaya. Being 1st on Google maps is crucially important. To rank you'll need to learn Google Maps SEO. When searching for a local business, many consumers search through maps. If you're not 1st on Google maps, you're losing Money lots of money. Every single day a potential long term customer is going to your competitor. Unless the customer has a bad experience, it's likely you won't have them as a customer the rest of their life. Being 1st on Google maps isn't just costing you money on a day to day basis, it's negatively impacting every day the rest of your life. Impact: You love your business, your business helps people. You're doing your customers a disservice when they search for a local business and go to a competitor. This effects the amount of impact you can leave in the world. Respect: If you're not 1st on Google, you'll lose respect in the eyes of many of your customers. They won't see you as the market leader. They'll try to negotiate discounts and haggle you for every penny. It's not just your customers you'll lose respect in the eyes of many business owners. They won't think you're serious about your business. As a result, you'll lose referrals and other opportunities. Freedom: The difference between freedom for many business owners is a 1st place Google ranking. When you're first on Google, you don't need to prospect for new customers. By dominating your industry, you can easily create time freedom. It's not the best business owner that gets freedom, it's the business owner that's first on Google. I could list more reasons why your business needs to be 1st on Google maps, but to be honest, I don't want to disrespect your intelligence. If you didn't know, you need to be 1st on Google maps, you wouldn't be reading this. In this book, I've laid out 8 easy to follow steps. An idiot could do this. SEO doesn't need to be difficult. It's really easy once you know everything. Anyone that tells you it's really difficult and you can't do it yourself is trying to sell you their services. Someone with no computer experience could follow these 8 steps and rank first on Google maps. What are you waiting for? Read the book today and ROCKET your business to the top.

Exposing Google Maps Bryan Seely, Jim Beach, 2015-08-24. An insider account of the security holes that left Google Maps exposed. Hacking and Exposing Google Maps is the story of Bryan Seely, the well known ethical hacker who discovered the vulnerabilities in Google Maps. Written by Bryan himself, this detailed story draws from his firsthand experience to define all the parties involved, outline the background information, lay out the timeline of events, and explain the technical solutions that sew up the holes in Google Maps. Engaging and revealing, this book provides expert insight into the vulnerabilities and hacks that could affect other map directories like Yelp, Bing, and Apple Maps. Bryan discusses his struggles in convincing the Secret Service, FBI, and Google of the threat and divulges the shocking details of how criminals have forged a stronghold in Google Maps and other directories by means of mail fraud, wire fraud, and more. Google Maps for mobile is one of the most popular mobile apps, but security has become a growing concern with the satellite imagery offering potential terrorists a valuable tool for choosing targets and planning attacks.
