into a space of meditation He describes meditation as the very center of his teaching efforts the very womb out of which one is going to be re born To say something about meditation is a contradiction in terms It is something which you can have which you can be but by its very nature you cannot say what it is Still efforts have been made to convey it in some way Even if only a fragmentary partial understanding arises out of it that is more than one can expect From a series of talks From Misery to Enlightenment by Osho

When Eternity Penetrates Time Osho,2013-03-26 Time is that in which we live it is horizontal It is from A to B to C to D it is in a line Eternity is vertical It is not from A to B and from B to C It is from A to more A to still more
