## **Outside Looking Out 5 String Bluegrass:**

*On the Outside Looking Out: 5-String Banjo Beyond Bluegrass* Leon Hunt, 2016-01-14 There's no getting away from it the 5 string banjo is about as American as apple pie This poses something of a conundrum for those who love the instrument but don't wish to be confined to bluegrass music My own motives for straying musically were born out of necessity but now the enjoyment and exploration of new musical styles are what guides me This book and accompanying online video are intended to help anyone who also wants to take their banjo playing to new exciting places Includes access to online video

### **School of Banjo: Bluegrass Melodic Style**

*Janet Davis, 2015-09-24* The melodic style is a beautiful three finger picking style which can be traced to the early 1900's and became a fully accepted style for playing the five string banjo in the 1960's and is today an integral part of the three finger style of many banjo players at all playing levels Plus the songs arranged in this style are easy and fun to learn Although the melodic style may sound impossible with all of those notes coming from it surprisingly you will find that it is not that difficult to learn and no previous musical knowledge is needed This course covers the melodic style from the very basics of this picking style to the advanced techniques and provides many fun to play and well known songs arranged in the three finger melodic style for upper level beginning players through advanced level players

### **Classical Masterpieces for Banjo**

*Claudio Parravicini, 2019-04-16* If you've ever felt compelled to play Flight of the Bumblebee on the 5 string banjo this is the book for you Challenging banjo transcriptions of classical masterpieces may seem like a humorous anachronism to some but not for Italian master Claudio Parravicini a conservatory graduate who while majoring in French horn always believed that the banjo was a virtuoso instrument capable of enriching any musical genre In the author's words I chose the classical pieces in this book on the basis of how they might advance right and left hand banjo technique and even refine the player's musical sensibility Some pieces like Flight of the Bumblebee will challenge your ability to play rapidly while others like Beethoven's Moonlight Sonata are much slower but will test your musical abilities in other ways The other pieces in the book are Prelude No 2 in C minor and Inventions No 4 and No 6 by J S Bach Flight of the Bumblebee by Korsakov Perpetual Motion and Carnival of Venice by Paganini and Toccata for Piano or Harpsichord by Paradisi Classical Masterpieces for Banjo is written
