*Ghost Work* Mary L. Gray, Siddharth Suri, 2019 A startling expos of the invisible human workforce that powers the web and how to bring it out of the shadows Hidden beneath the surface of the internet a new stark reality is looming one that cuts to the very heart of our endless debates about the impact of AI Anthropologist Mary L Gray and computer scientist Siddharth Suri unveil how the services we use from companies like Amazon Google Microsoft and Uber can only function smoothly thanks to the judgment and experience of a vast human labor force that is kept deliberately concealed The people who do

ghost work make the internet seem smart They perform high tech on demand piecework flagging X rated content proofreading transcribing audio confirming identities captioning video and much more The shameful truth is that no labor laws protect them or even acknowledge their existence They often earn less than legal minimums for traditional work they have no health benefits and they can be fired at any time for any reason or for no reason at all An estimated 8 percent of Americans have worked in this ghost economy and that number is growing every day In this unprecedented investigation Gray and Suri make the case that robots will never completely eliminate ghost work and the unchecked quest for artificial intelligence could spark catastrophic work conditions if not stopped in its tracks Ultimately they show how this essential type of work can create opportunity rather than misery for those who do it Dust jacket *Trampled by Unicorns* Maelle Gavet, 2020-10-06 A Wall Street Journal Bestseller An insider's revealing and in depth examination of Big Tech's failure to keep its foundational promises and the steps the industry can take to course correct in order to make a positive impact on the world *Trampled by Unicorns* Big Tech's Empathy Problem and How to Fix It explores how technology has progressed humanity's most noble pursuits while also grappling with the origins of the industry's destructive empathy deficit and the practical measures Big Tech can take to self regulate and make it right again Author Maelle Gavet examines the tendency for many of Big Tech's stars to stray from their user first ideals and make products that actually profoundly damage their customers and ultimately society Offering an account of the world of tech startups in the United States and Europe from Amazon Google and Facebook to Twitter Airbnb and Uber to name a few *Trampled by Unicorns* argues that the causes and consequences of Big Tech's failures originate from four main sources the Valley's cultural insularity the hyper growth business model the sector's stunning lack of diversity and a dangerous self sustaining ecosystem However the book is not just an account of how an industry came off the rails but also a passionate call to action on how to get it back on track Gavet a leading technology executive and former CEO of Ozon an executive vice president at Priceline Group and chief operating officer of Compass formulates a clear call to action for industry leaders board members employees and consumers users to drive the change necessary to create better more sustainable businesses and the steps Western governments are likely to take should tech leaders fail to do so Steps that include reformed tax codes reclassification of platforms as information companies new labor laws and algorithmic transparency and oversight *Trampled by Unicorns* exploration of the promise and dangers of technology is perfect for anyone with an interest in entrepreneurship tech and global commerce and a hope of technology's all empowering prospect An illuminating book full of insights *Trampled by Unicorns* describes a realistic path forward even as it uncovers and explains the errors of the past As Gavet puts it we don't need less tech we need more empathetic tech And how that crucial distinction can be achieved by the tech companies themselves driving change as governments actively pave the road ahead **Evidence-Based Recruiting: How to Build a Company of Star Performers Through Systematic and Repeatable Hiring Practices** Atta Tarki, 2020-01-24 Develop and execute

systematic best in class hiring practices to seize and hold the competitive edge in your industry Defending your business from the competition through regulations differentiated technologies brand recognition and other methods is no longer a sustainable competitive advantage In today s fast paced ever changing business environment you must take an offensive stance to keep your competitors at bay And this groundbreaking guide provides the inspiration the know how and the tools you need to achieve it This book guides you through the process of designing and implementing a data driven hiring strategy that will secure your business for the foreseeable future Revealing how today s top innovators including Netflix and Google dominate their industries it shows how you can do the same by implementing systematic and repeatable processes that lead to better more consistent hiring outcomes You ll learn how to Envision an evidence based approach to hiring Distinguish useful data from the data you don t need Use the best technologies to achieve your recruitment goals Build an effective talent acquisition team Improve on the job success predictions Design well defined and objective measures to improve hiring outcomes Avoid the most common hiring pitfalls Data and analytics have been reshaping countless industries as they turn from anecdotal to evidence based practices The recruiting and hiring processes however have been intuition based That changes today Evidence Based Recruiting introduces an entirely new approach one that relies on irrefutable facts and data enabling you and your organization to thrive in the new era of talent acquisition

**Imperfect Environmentalist** Sheila M. Morovati, 2024-04-16

A practical guide and inspiring story of how one person really can make a difference when it comes to saving the environment Sheila was sitting in a restaurant with her family watching her toddler color using the free crayons handed out with each kid s menu when the thought occurred to her What happens to these crayons at the end of each meal The answer to this question inspired Sheila to embark on a mission to reduce the amount of waste our society produces and to become a leading voice in advocating for the preservation of our planet In Imperfect Environmentalist How to Reduce Waste and Create Change for a Better Planet Sheila M Morovati encourages readers to adopt new behaviors and shift their perspectives so that they too can make a difference Readers will follow Sheila on her journey starting out as an immigrant with limited resources to successfully launching over nine global environmental campaigns Her innovative solutions to habitual waste have resulted in legislation forcing even the largest companies to embrace sustainability and make changes to benefit the planet Readers will learn that one person can create a ripple effect for change If Sheila can do it then so can you Imperfect Environmentalist also dispels the myth that to be considered an environmentalist one must be all in or live zero waste to have a meaningful impact on combatting climate change Small modifications such as committing to eating eight plant based meals per week or cutting out plastic utensils can add up to a large impact Each chapter shares ten action steps for readers to adopt in their daily lives to become more eco friendly resulting in a comprehensive manual of creative tips for eliminating habits of waste By sharing the load becoming an environmentalist does not need to be intimidating or overwhelming In sharing her work and tactics for advancing environmental activism Sheila s message will motivate all

readers to embrace being imperfect environmentalists Our planet depends on it **Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts** Mark Mahaney,2021-11-09 Find the winners avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market's hottest most profitable sector but it can be a roller coaster ride Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years Sure things can become sore things very rapidly Nothing But Net provides the knowledge and insights you need to understand what's really hot to know what's not and to outperform other investors consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he's learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I've watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come **Applied Marketing** Daniel Padgett,Andrew Loos,2021-05-07 Applied Marketing 2e combines solid academic theory and practitioner experience to help students master the core concepts gain experience applying marketing principles and understand how top marketers operate in today's business world By bridging the gap between marketing principles taught in the classroom and those applied by business professionals Dan Padgett and Andrew Loos an academic and an agency owner offer students an insider's perspective on marketing principles In addition this course promotes student centered learning with an entire chapter dedicated to marketing metrics Chapter 13 and integrates a continuing case study on a socially conscious company This Saves Lives to help students apply their knowledge and develop their critical thinking skills **DoorDash Delivery** Mark H Delfs,2023-01-03 DoorDash Delivery The Ultimate Getting Started Guide to Driving for Profit is a comprehensive guide for aspiring Dashers looking to join the fast growing gig economy as a delivery driver for DoorDash The book covers everything from the basics of how to get started as a DoorDash driver to advanced strategies for maximizing earnings and building a successful business as a Dasher The book begins with an overview of the DoorDash platform and how it works including details on the types of orders that Dashers can expect to receive and the process for accepting and completing deliveries From there it covers important topics such as how to sign up to become a DoorDash driver what equipment and supplies you'll need and how to use the DoorDash driver app The book also delves into more advanced topics such as how to maximize
