Introduction

Procurement activities are involved around goods and services of a company that needs in regular basis business operations of an organisation. Procurement activities include purchasing items that will help in development of products, receiving goods, negotiating terms and inspecting goods that are received by keeping record of it. As opined by You *et al.* (2020), procurement activities keep a track of all the steps in every process of business operation that helps in achieving goals of an organisation.

Automobile industry mainly focuses on procurement activities to get the right goods and supplies so that they can increase their development. As influenced by Leo *et al.* (2019), an automobile industry provides various ranges of designs, manufacturing of motor vehicles. This is 21st century and automobile industry is moving forward by providing electronic vehicles (EV). This industry has begun to provide EV that is made with sustainable energy. This industry is mainly involved in research and development of vehicles that will be sustainable for customer satisfaction.

Aston Martin Lagonda is a British luxury automobile company discovered in 1913 that is acknowledged as a stylish car brand. This company is located in England and has contracts with 55 countries for exportation of their manufactured cars. This company is aiming towards their sustainability in vehicles and supporting UN by going green with manufacture of their "Plug in hybrid electric sport car".
