

## **Farewell Graduation Speech -**

Tracey

Good morning.

Welcome Acting Chancellor Mr Peter Prendiville, Vice Chancellor, Professor Celia Hammond, Pro Vice Chancellor and Head of Campus, Professor Selma Allie, Pro Vice Chancellor International and Research, Professor Peta Sanderson, distinguished guests, members of our faculty, our treasured family and friends and of course my fellow graduands. I stand before you all here today very nervous but proud and honoured to be delivering this address as the School of Nursing and Midwifery celebrates its 15<sup>th</sup> anniversary. I would like to thank the Dean, Professor Elaine Pavlos, for asking me to deliver the Farewell Graduating speech and to say what a privilege it is to be given this opportunity. When I began this journey three years ago here at Notre Dame University, I could not have contemplated performing such a duty. Notre Dame not only allowed me to fulfil my dream of becoming a Registered Nurse but also gave me confidence and skills in areas I would never have believed possible.

So as I sat down to write this address, I reflected on what attending university here in Fremantle has meant to me and my fellow graduands. What could I say about the experience and this place that has been our home for the last three years? What is remarkable about Notre Dame? Remarkable being the word used by Emeritus Professor Doreen McCarthy at the awards night on Friday to describe Notre Dame and the nurses they produce. Well, I too wholeheartedly believe that Notre Dame is remarkable and unique. As students we have been lucky enough to experience this first hand, through the community spirit, pastoral care and the dedication and inspiration from lecturers and tutors. Not forgetting the unrivalled and beautiful streets of Fremantle upon which the campus resides.

The engaging and supportive community within our university and the emphasis on the student is what has made our time at university

Charles W Chesnutt 1858 1932 has been considered by many the major African American fiction writer before the Harlem Renaissance This book collects essays he wrote from 1899 through 1931 the majority of which concern white racism and political and literary addresses he made to both white and black audiences from 1881 through 1931 Nursing, Physician Control, and the Medical Monopoly Thetis M. Group, Joan I. Roberts, 2001-10-03 Nursing Physician Control and the Medical Monopoly Historical Perspectives on Gendered Inequality in Roles Rights and Range of Practice Thetis M Group and Joan I Roberts A history of physicians efforts to dominate the healthcare system Nursing Physician Control and the Medical Monopoly traces the efforts by physicians over time to achieve a monopoly in healthcare often by subordinating nurses their only genuine competitors Attempts by nurses to reform many aspects of healthcare have been repeatedly opposed by physicians whose primary interest has been to achieve total control of the healthcare system often to the detriment of patients health and safety Thetis M Group and Joan I Roberts first review the activities of early women healers and nurses and examine nurse physician relations from the early 1900s on The sexist domination of nursing by medicine was neither haphazard nor accidental but a structured and institutionalized phenomenon Efforts by nurses to achieve greater autonomy were often blocked by hospital administrators and organized medicine The consolidation of the medical monopoly during the 1920s and 1930s along with the waning of feminism led to the concretization of stereotyped gender roles in nursing and medicine The growing unease in nurse physician relations escalated from the 1940s to the 1960s the growth and complexity of the healthcare industry expanding scientific knowledge and increasing specialization by physicians all created heavy demands on nurses Conflict between organized medicine and nursing entered a public open phase in the late 1960s and 1970s when medicine unilaterally created the physician s assistant countered by nursing s development of the advanced nurse practitioner But gender stereotypes remained central to nurse physician relations in the 1980s and into the 1990s Finally Group and Roberts examine the results of the medical monopoly from the impact on patients health and safety to the development of HMOs and the current overpriced poorly coordinated and fragmented healthcare system Thetis M Group is Professor Emerita at Syracuse University where she was Dean of the College of Nursing for 10 years and an adjunct faculty member at the University of Utah College of Nursing She is co author of *Feminism and Nursing* and has published numerous articles in professional nursing journals Joan I Roberts social psychologist is Professor Emerita at Syracuse University A pioneer in women s studies in higher education she is co author of *Feminism and Nursing* and author of numerous books and articles on gender issues and racial and sex discrimination June 2001 352 pages 6 1 8 x 9 1 4 index append cloth 0 253 33926 X 29 95 s 22 95 **It Happened in Manhattan** Dorothy A.
