Elementary School Scheduling Michael D. Rettig, Robert Lynn Canady, 2013-09-27 This practical book and its accompanying downloadable resources include over 100 schedules to help elementary schools raise student achievement

Children's Literature and Culture Harry Eiss, 2009-03-26 This collection of scholarship on the world of the child offers an eclectic overview of several aspects of youth culture today. The first essay focuses on Donna Williams, Joanna Greenberg, Temple Grandin and other children whose unusual minds raise questions that take us deep into the mysteries of all of human existence. The second, Colonel Mustard in the Library: With The Sims From Board Games to Video Games and Back, gives a historical context and theoretical frame for considering contemporary video and board games in our current age of television. The third, Just a Fairy His Wits and Maybe a Touch of Magic: Magic Technology and Self Reliance in Contemporary Fantasy Fiction, takes on the technological world of childhood in this case considering how it is represented in three fantasy series: Harry Potter, Artemis Fowl and Faerie Wars. The fourth essay offers a detailed view of the history of children's literature in China including discussions of the important philosophical views that controlled what got taught and how detailed charts of significant historic dates, genres of children's literature and award winning books of Chinese literature. The fifth considers contemporary Western world consumerism in this case three popular book series: Clique, Gossip Girl and The A List, all published by Alloy for teenage girls. The sixth, Surfing the Series: A Rhizomic Reading of Series Fiction, once again deals with series fiction. The seventh explores the recent Monet Mania that has sparked interest in the great Impressionist Claude Monet among adults and educators. The final essay, Jean Craighead George's Alaskan Children's Books: Love and Survival, focuses on her book Julie of the Wolves and how it expresses aspects of Alaskan culture.

A Second Look Andie Peterson, 2007-10-19 Four hundred twenty five books are reviewed in this superb collection. *A Second Look: Native Americans in Children's Books* gives a thorough examination of the books as a guide for parents, teachers, librarians and administrators interested in books for children. Anyone involved in selecting books will find this guide useful in working through the maze of available materials. Andie Peterson, one of the few women to be awarded an Eagle Feather, has provided a meaningful criteria to help in judging books. She outlines ways for objectively studying books to draw conclusions as to the suitability for the reader. She writes candidly about books filled with stereotypes, hurtful images and damaging text and illustrations. She writes eloquent, glowing reviews of the books that are real treasures. She writes: On a daily basis, children must face the hidden curriculum that lets them know where they fit in, whether they can achieve their goals, whether they even dare to dream. An overwhelming part of that hidden curriculum begins with books that are more narrative and illustrations; they are books that carry a message of politics and values. Andie advises that in selecting Native American books, the non-Native child must be considered also. She counsels that hurtful books set in motion attitudes of prejudice that persist for years. She states that she has reviewed books with older copyrights because they are still on the shelves in libraries and available via the Internet. She

says reading the older books helps to understand how adults have formed ideas about Native people She says After all if its in a book in the library people believe it to be true Its time to disturb the peace and end the ritual of damage A Second Look Native Americans in Childrens Books By Andie Peterson Instructor,2002 **A to Zoo** Rebecca L.
