## **Oath Christopher Frost:**

**The Oath** Christopher Frost,2015-12-02 Nikolas Troy wishes to leave his life behind after discovering the infidelity of his lifelong love Kristen Ashmore In a back alley in the city of Black Harbor Nikolas gives away his soul in one deadly bite Born again as a vampire he leaves his old life behind and swears to never return again Years later when Nikolas learns of the grisly murder of his beloved Kristen s little sister Megan he is faced with a choice Will he return to the life he left in order to honor the oath of protection he had made so many years ago or follow to the promise he has sworn to his vampire masters In a race against time with the Elder vampire of the Deatante clan at his heels Nikolas must try to solve the murder of Megan suppress his feelings for Kristen before his love leads to her ultimate death and remain in the shadows **The Lost Ones**

Christopher Frost,2018-10-04 Serene has been on the run for most of her life She has no recollection of her past even her name is not her own Serene knows only one thing for certain She is werewolf It is not until she reaches the town of Sufferen that she finally finds a small pack of runaways that are also werewolves They take her in but there is a heavy price attached to their generosity Their Alpha Washington forces Serene into a life of prostitution Serene decides that this is not what she wants for her life or the other female werewolves Her only choice is to revolt against the pack She may be powerful enough to stop Washington but not alone Then she meets Chase Aires an angel and descendent of the God of War His power is unlike anything she has ever witnessed With his help she can overthrow Washington and take control leading the others out of a life of prostitution and misery Gateway Wing ,1998 **The Life and Words of Chris** John Cunningham Geikie,1891

**Media Ethics and Self-regulation** Chris Frost,2000 The British press has been accused of drinking in the Last Chance Saloon Now with the coming of the new millennium many fear that broadcasters are also getting a taste for the commercially popular cocktail of sensation and intrusion that it sells But does it have to be like that Are journalists doomed to ignore stories about important public interest issues in favour of titillating tales that pander solely to the public s prurient curiosity Are docusoaps and current affairs series based on questionable evidence replacing the award winning documentary programmes of past years Media Ethics and Self Regulation looks closely at the moral dilemmas facing journalists in their day to day working lives and examines the self regulatory bodies that police the various codes of practice **Surrey**

**Collections** ... New-York Historical Society,1925 **Kelly's Directory of Cambridgeshire, Norfolk and Suffolk** ,1883 *Prisoners of Congress* Norman E. Donoghue II,2023-06-13 In 1777 Congress labeled Quakers who would not take

up arms in support of the War of Independence as the most Dangerous Enemies America knows and ordered Pennsylvania and Delaware to apprehend them In response Keystone State officials sent twenty men seventeen of whom were Quakers into exile banishing them to Virginia where they were held for a year Prisoners of Congress reconstructs this moment in American history through the experiences of four families the Drinkers the Fishers the Pembertons and the Gilpins Identifying them as the new nation s first political prisoners Norman E Donoghue II relates how the Quakers once the preeminent power in Pennsylvania and an integral constituency of the colonies and early republic came to be reviled by patriots who saw refusal to fight the English as borderline sedition Surprising vital and vividly told this narrative of political and literal warfare waged by the United States against a pacifist religious group during the Revolutionary War era sheds new light on an essential aspect of American history It will appeal to anyone interested in learning more about the nation s founding

Treason is a word with many connotations a word applied to a host of varied offenses throughout the history of humanity These essays by Floyd Seyward Lear analyze the development of the political theory of treason from its beginning in Roman Law to its transformation in the Germanic custom of the early Middle Ages The author has presented treason as a political idea possessing historical continuity though varying from age to age as it follows the evolution of political authority itself These studies trace the shifting emphasis in crimes against the state from acts directed against a central absolutist authority to acts involving the personal relationship of a pledged troth and individual fealty This is a shift from the concept of majesty in Roman law to the concept of fidelity in Germanic law with the corollary shift from allegiance as an act of deference to allegiance as a token of mutual fidelity These ideas are examined chronologically across an interval extending from archaic Roman law to incipiently feudal forms from which modern theories of treason allegiance and sovereignty derive Contemporary concepts in these political areas can hardly be understood apart from their historical origins Broadly considered this work is intended as a contribution to intellectual history Further this collection represents the synthesis of material widely scattered in the primary sources and relevant secondary works The two concluding bibliographical essays are intended as a general survey of the literature relevant to these studies in Roman and Germanic public law Descriptive and interpretive works which deal with treason and its allied aspects of political and legal theory are not numerous in the English language
