*An Oblate's Commentaries on Benedictine Spirituality* Thomas Rillo, 2015-12-11 Over a period of fifteen years I have written for the Benedictine Oblate newsletter and various other Oblate publications Usually the topic of the article was suggested by Father Meinrad Brune OSB Director of Benedictine Oblates Saint Meinrad Archabbey and in keeping with the theme of the newsletter selected for the year Many of the articles in this collection of oblate commentaries were written and published in past Benedictine Oblate newsletters The various sections represent the various themes selected by Father Meinrad Brune OSB and assigned to me for the writing Much of the research has been accomplished using the extensive Oblate Library located in the Oblate Office The resource material has been readily available Computers were available and much of the writing was done on them in the Oblate Office The longest section in this collection is the one titled Oblation Growing Closer to God In this section I have attempted to include those aspects of oblation that are most confronted by Benedictine oblates both those who are novices and those who are invested The next longest section is the one titled Commentaries on The Rule of Saint Benedict The literary commentaries of nine Benedictine authors were selected by Father Meinrad and assigned to me Four major chapters in The Rule of Saint Benedict were selected because of their significant importance to the monastic life The Prologue Humility Obedience and the Restraint of Speech or Silence were included because of their applicability to Benedictine oblation as well as to the Benedictine monk The section of Oblate Fitness for God is the smallest with just two articles Emphasis is placed on the concept that the human body is a temple for God and related to the mind Two other sections are Extending Oblation through Service and Experience and The Rule of Saint Benedict Oblates Guide for Work and Prayer It is intended that the oblate reader will be eclectic in the reading and select them on the basis of contemporary need

*Preferring Christ* Norvene Vest, 2004-10-01 A modern approach to spiritual deepening using the ancient but wise Rule of St Benedict The Rule of St Benedict continues to attract those who seek to live a deeper life connected to Christ But with such an ancient text how can we authentically engage St Benedict's Rule in a manner that is true to its profound insights and to our own spiritual journey Norvene Vest suggests that the answer lies in the way we read the Rule It shouldn't be studied like a book of regulations or a school textbook It should be read as *lectio divina* This profound yet very practical volume speaks to our urgent spiritual need People yearn for an interior life deeply rooted in God humanly balanced and substantially founded in the Christian heritage Vest offers a valuable resource by rendering much more accessible the spiritual wealth of the key text of the ancient Benedictine charism Here is the solid balanced wisdom that has nourished and guided innumerable Christians for nearly fifteen centuries
