Obsession In Black And White

Franz Hartmann (Theosophist.)

Obsession In Black And White:

Female Subjects in Black and White Elizabeth Abel, Barbara Christian, Helene Moglen, 1997-05-28 On literature feminism and race *Magic white and black, or, The science of finite and infinite life* Franz Hartmann (Theosophist.), 1888

Heart & Soul, 2003-02 **Television in Black-and-white America** Alan Nadel, 2005 La couverture indique Alan Nadel's new book reminds us that most of the images on early TV were decidedly Caucasian and directed at predominantly white audiences Television did not invent whiteness for America but it did reinforce it as the norm particularly during the Cold War years Nadel now shows just how instrumental it was in constructing a narrow conservative and very white vision of America During this era prime time TV was dominated by adult Westerns with heroes like The Rebel's Johnny Yuma reincarnating Southern values and Bonanza's Cartwright family reinforcing the notion of white patriarchy programs that Nadel shows bristled with Cold War messages even as they spoke to the nation's mythology America had become visually reconfigured as a vast Ponderosa crisscrossed by concrete highways designed to carry suburban white drivers beyond the moral challenge of racism racial poverty and increasingly vocal civil rights demands *Magic, White and Black* Franz Hartmann, 1893 *Imagi-nations in Black and White* Shannon Rose Riley, 2006 **Macon Black and White** Andrew Michael Manis, 2004 A longitudinal study of race relations in a major southern city Macon Black and White examines the ways white and black Maconites interacted over the course of the entire twentieth century Beginning in the 1890s in what has been called the nadir of race relations in America Andrew M Manis traces the arduous journey toward racial equality in the heart of Central Georgia The book describes how despite incremental progress toward that goal segregationist pressures sought to silence voices for change on both sides of the color line Providing a snapshot of black white relations for every decade of the twentieth century this compellingly written story highlights the ways indigenous development in Macon combined with other statewide regional and national factors to shape the struggle for and against racial equality Manis shows how both African Americans and a cadre of white moderates separately and at times together gradually increased pressure for change in a conservative Georgia city Showcasing how disfranchisement lynching interracial efforts toward the humanization of segregation the world wars and the Civil Rights Movement affected the pace of change Manis describes the eventual rise of a black political class and the election of Macon's first African American mayor The book uses demographic realities as well as the perspectives of black and white Maconites to paint a portrait of contemporary black white relations in the city Manis concludes with suggestions on how the city might continue the struggle for racial justice and overcome the unutterable separation that still plagues Macon in the early years of a new century Macon Black and White is a powerful story that no one interested in racial change over time can afford to miss Marriage in Black and White Joseph R. Washington, 1971 It is time to let caution to the wind and to support without reservation black and white social intimacy The case for black white unions is fundamentally the case for America The only alternative is the continuation of racism and its

corollary of heightened conflict Joseph R Washington Jr unorthodox and consistently his own man within the black movement in his fourth book examines the ultimate question of mutual acceptance of blacks and whites in intimate family relationships Through a careful review of the historical data and the present attitudes of liberals social scientists and established religion he discusses the problems of passing the children of black white marriages and the folklore concepts of black white marriage His objective is not numbers of marriages nor the inherently demeaning concept of assimilation An advocate of the celebration of variances he is reaching for a society in which marriage in black and white is looked upon as a privilege From publisher description

From Here to Equality, Second Edition William A. Darity Jr.,Andrea Kirsten Mullen,2022-07-27 Racism and discrimination have choked economic opportunity for African Americans at nearly every turn At several historic moments the trajectory of racial inequality could have been altered dramatically But neither Reconstruction nor the New Deal nor the civil rights struggle led to an economically just and fair nation Today systematic inequality persists in the form of housing discrimination unequal education police brutality mass incarceration employment discrimination and massive wealth and opportunity gaps Economic data indicates that for every dollar the average white household holds in wealth the average black household possesses a mere ten cents This compelling and sharply argued book addresses economic injustices head on and make the most comprehensive case to date for economic reparations for U S descendants of slavery Using innovative methods that link monetary values to historical wrongs William Darity Jr and A Kirsten Mullen assess the literal and figurative costs of justice denied in the 155 years since the end of the Civil War and offer a detailed roadmap for an effective reparations program including a substantial payment to each documented U S black descendant of slavery This new edition features a new foreword addressing the latest developments on the local state and federal level and considering current prospects for a comprehensive reparations program

Belonging without Othering john a. powell,Stephen Menendian,2024-04-23 The root of all inequality is the process of othering and its solution is the practice of belonging We all yearn for connection and community but we live in a time when calls for further division along the well wrought lines of religion race ethnicity caste and sexuality are pervasive This ubiquitous yet elusive problem feeds on fears created inherited of the other While the much touted diversity equity and inclusion initiatives are undeniably failing and activists narrowly focus on specific and sometimes conflicting communities Belonging without Othering prescribes a new approach that encourages us to turn toward one another in unprecedented and radical ways The pressures that separate us have a common root our tendency to cast people and groups in irreconcilable terms or the process of othering This book gives vital language to this universal problem unveiling its machinery at work across time and around the world To subvert it john a powell and Stephen Menendian make a powerful and sweeping case for adopting a paradigm of belonging that does not require the creation of an other This new paradigm hinges on transitioning from narrow to expansive identities even if that means challenging seemingly benevolent forms of community building based on othering As the threat of authoritarianism grows

across the globe this book makes the case that belonging without othering is the necessary but not the inevitable next step in our long journey toward creating truly equitable and thriving societies The authors argue that we must build institutions cultivate practices and orient ourselves toward a shared future not only to heal ourselves but perhaps to save our planet as well Brimming with clear guidance sparkling insights and specific examples and practices *Belonging without Othering* is a future oriented exploration that ushers us in a more hopeful direction **From Opportunity to Entitlement** Gareth Davies,1996 That shift Davies argues was part of a broader transformation in political values that had devastating consequences for the Democratic Party in particular and for the cause of liberalism generally **Masculinity, Femininity, Appearance Ideals, and the Black Body** Kristie A. Ford,2006 **Rites, Black and White** Robert Brain,1979 Popular anthropology in which generalised accounts of Aboriginal and white Australian society are compared particular emphasis on life cycle and ritual **Black, White, and Indian** Claudio Saunt,2005 This tells the story of a Native American family with a long kept secret one branch is of African descent Focusing on five generations from 1780 to 1920 Saunt shows how Indians disowned their black relatives to survive in the shadow of the expanding American republic Representation of Interracial Relationships in Black -and White- Authored Novels of the Civil Rights Era, 1945-1975 Rita A.
