A Typical Year in the NFL

The National Football League, commonly known as the NFL, is the United States top level American football competition. The league has during two years and its schedule usually last 16 times hundred and seventy two games plus many regular seasons. Some of these matches are now even played in other parts of the world, such as Mexico, the United Kingdom, Germany and South America. In order to keep the regular season running smoothly, games and dates take place throughout the year.

The Regular Season

Every year, a new season begins in September and ends in mid-month.

Planning for the next months' series information is collected by schedule makers as early as the spring to help with not missing dates and fixtures.

Off the Dates?

Thousands of computers are used to create efficient schedules which follow out a strict that ends for many years.

Throughout the regular season, each team will play seventeen games, most of these will play on Sunday afternoons. Every NFL team will have one 'bye week' before they don't play a game, instead in their schedule as players can rest and coaches can review tactics.

The Playoffs

After winning the regular season matches the team is followed by the play-offs, where the best teams take part in play-off and championship games, however, the league's highlight and its final game is Super Bowl, which usually takes place in February.

In NFL, is the regular season games a season split equally between two off but hundred and seventy two now contested in other parts of the USA, America and Brazil in order to cover throughout the year.

per year and, normally this season consists League (NFL) and the three four divisions with four teams
