*Moving Beyond Duality* Dorothy I. Riddle, 2015-12-11 Are you free of prejudice Less than five percent of us are because of the pervasiveness of dualistic us them thinking In Moving Beyond Duality Dr Riddle draws on research from quantum physics the life sciences and the social sciences to describe our actual dynamic energetic reality and expose the unconscious habits that hold the harmful illusion of duality in place She shows how we depersonalize ourselves and others including nonhumans through bigotry dismissiveness stereotyping and objectification Drawing on the latest research in neuroscience she clarifies that good intentions are not enough to counter embedded habits And she provides a series of practical strategies and exercises to uncover depersonalizing habits and create lasting change Moving Beyond Duality reminds us that it is

relationship and connectedness that define us whether by their absence or their richness We are all human and nonhuman alike part of the cosmic sea of energy that is the One Life cherished in our diversity *Gnostic Secrets of the Naassenes* Mark H. Gaffney, 2004-04-19 Reveals the hidden meaning of the Grail and a secret Christian doctrine for achieving higher consciousness Shows that Gnosticism is not a derivative of Christianity but the revelation of the true message of Jesus Describes the ancient relationship between water and spirit Explains the doctrine of immanence taught by Jesus at the Last Supper Features the translated source text from The Refutation of All Heresies by Bishop Hippolytus the only existing record of the Naassene Sermon In the third century CE the Catholic Bishop Hippolytus composed A Refutation of All Heresies in which his chief target was the Gnostic sect the Naassenes whose writings included a recounting of Jesus actual teachings at the Last Supper Contrary to Church attacks the Naassenes were not a heretical derivative of Christianity but the authentic foundation and purveyor of Christ's message In fact much of what passes as Christianity has nothing to do with the original teachings of its founder The message recorded in the Naassene Sermon was intended for an inner circle of disciples who were prepared for advanced initiation into Jesus wisdom teachings The Grail discussed therein was not an actual chalice but a symbol of the indwelling of the divine The teachings involved the awakening of spirit and included practices aimed at restoring the soul's lost connection with God Immanence in the true sense intended by Jesus thus allows for spiritual attainment in this life by ordinary individuals without the intermediary of Church or priest This was the real meaning of the Last Supper and why the Naassenes believed that Jesus was the fulfillment of all the Mystery traditions

**The Collected Works of Chögyam Trungpa: Volume 3** Chögyam Trungpa, 2010-09-28 The Collected Works of Chögyam Trungpa brings together in eight volumes the writings of the first and most influential and inspirational Tibetan teacher to present Buddhism in the West Organized by theme the collection includes full length books as well as articles seminar transcripts poems plays and interviews many of which have never before been available in book form From memoirs of his escape from Chinese occupied Tibet to insightful discussions of psychology mind and meditation from original verse and calligraphy to the esoteric lore of tantric Buddhism the impressive range of Trungpa's vision talents and teachings is showcased in this landmark series

Volume Three captures the distinctive voice that Ch gyam Trungpa developed in North America in the 1970s and reflects the preoccupations among Western students of that era It includes Cutting Through Spiritual Materialism and The Myth of Freedom the two books that put Ch gyam Trungpa on the map of the American spiritual scene The Heart of the Buddha and sixteen articles and forewords complete this volume **Magical Suspension** James Combs,2015-09-04 This book builds upon the author s extensive previous work on the movies adopting a more comprehensive and inquisitive stance for the study of moving pictures as a cultural movement and ludenic innovation It returns to earlier analysis and commentary on this new invention and recreation quickly termed the movies and develops the initial impression of both moviegoers and observers that the movies appealed because they were fun As such the book examines the characteristics that made films so enjoyable namely their use of magic presentation of myth and persistence of mnemonic recollection The enduring appeal of moving pictures remains consistent even though the medium has proliferated and diversified so much so that now a good portion of the human race spends a great deal of time looking at moving pictures The book is eclectic and exploratory designed to urge consideration of moving pictures in this larger perspective as something that has changed and perhaps enriched the lives of many people leaving inquirers the task of calculating the enormous significance and consequences of our motion picture experience for the conduct of our lives Such an effort is not without merit since it now seems quite clear that the whole world is watching **Genesis** Terry L. Newbegin,2008-08-06 Genesis is not just the story of Adam and Eve it s your own story and a roadmap helping you understand why you are here and how you can return home **Unlocking the Consciousness of Your Soul** Terry L Newbegin,2012-10-08 The book is about my experiences in life and how those experiences introduced me to the wisdom of my very soul It is a story about where I truly began as a child of God who I thought I was because of where I was born and how I became enlightened to the most profound kept secrets that were ever devised in the history of mankind It is a story that unravels the mystery behind your suffering Without realizing it your soul has been hiding from you for many lifetimes and by choosing to open up your heart and put aside your dogmatic beliefs for a while your soul will reveal to you all the whys of you choosing the route of sin physicality earth brainwashing forgetfulness and suffering as the means to remember who you are If you are looking for clarity in life and how to overcome distress grief anger and the pain you are feeling right now then it becomes very important to understand who you truly are where you truly come from how miracles are created and why you do the things you do It is a story that touches on the human struggles of life and how to overcome them just by learning to connect to the wisdom of your soul The story takes you all the way back to the first creation known as the Garden of Eden and how it relates to your evolution through time and space When you live and make decisions from the mind of reason from others long established interpretations of Gods written words and from what the experts assert what is best for you your soul cannot bring forth the wisdom that you hold deep within your consciousness Thus you become more and more susceptible to turbulent experiences **Out of the Blue** Mary Terhune,2015 Originally published under title Out of
