Armstrong,2011-05-12 One of the world s foremost commentators on religious affairs on the history and destiny of the world s most misunderstood religion In the public mind Islam is a religion of extremes it is the world s fastest growing faith more than three quarters of the world s refugees are Islamic it has produced government by authoritarian monarchies in Saudi Arabia and ultra republicans in Iran Whether we are reading about civil war in Algeria or Afghanistan the struggle for the soul of Turkey or political turmoil in Pakistan or Malaysia the Islamic context permeates all these situations Karen Armstrong s elegant and concise book traces how Islam grew from the other religions of the book Judaism and Christianity introduces us to the character of Muhammed and demonstrates that for much of its history the religion has been a force for enlightenment that promoted liberties for women and allowed the arts and sciences to flourish ISLAM shows how this progressive legacy is today often set aside as the faith struggles to come to terms with the economic and political weakness of most of its believers and with the forces of modernity itself Islam Karen Armstrong,2002-08-06 No religion in the modern world is as feared

and misunderstood as Islam It haunts the popular imagination as an extreme faith that promotes terrorism authoritarian government female oppression and civil war In a vital revision of this narrow view of Islam and a distillation of years of thinking and writing about the subject Karen Armstrong s short history demonstrates that the world s fastest growing faith is a much more complex phenomenon than its modern fundamentalist strain might suggest *Muhammad (PBUH) Prophet for*

Hughes, 2014-09-11 The scholarly study of Islam has become ever more insular and apologetic Academic Islamic Studies has tried to maintain a focus on truth authenticity experience and meaning and has effectively avoided discussion of larger social cultural and ideological issues Many scholars of Islam have presented themselves to their colleagues the media and the public as the interpreters of Islam and have done so with an interpretation which tends almost universally to the liberal and egalitarian The ignorance and hostility which the Islamic faith has faced since 9 11 has partly necessitated the taking of such a position But as Theorizing Islam argues the issue remains that only one interpretation of Islam is generally being presented and as with any interpretation this has its own assumptions The aim of Theorizing Islam is to explore the potential for a fuller more honest and more sophisticated approach to both theory and methodology in the academic study of Islam *Christians Under Siege* Patrick J.
