Knowledge, Information and Creativity Support Systems: Recent Trends, Advances and Solutions Andrzej M.J. Skulimowski, Janusz Kacprzyk, 2016-02-25 This volume contains some carefully selected papers presented at the 8th International Conference on Knowledge Information and Creativity Support Systems KICCS 2013 which was held in Krakow and Wieliczka Poland in November 2013 In most cases the papers are extended versions with newer results added representing virtually all topics covered by the conference The KICCS 2013 focus theme Looking into the Future of Creativity and Decision Support Systems clearly indicates that the growing complexity calls for some deeper and insightful discussions about the future but obviously complemented with an exposition of modern present developments that have proven their power and usefulness Following this theme the list of topics presented in this volume include some future oriented fields of research such as anticipatory networks and systems foresight support systems relevant newly emerging applications exemplified by autonomous creative systems Special attention was also given to cognitive and collaborative aspects of creativity Meme Media and Meme Market Architectures Yuzuru Tanaka, 2003-07-10 This book provides an integrated view of the five kinds of enabling technologies in terms of knowledge media architectures multimedia and hypermedia object oriented GUI and visual programming reusable component software and component integration network publishing and electronic commerce and object oriented and multimedia databases Among many books on multimedia and hypermedia few address knowledge Of those that do none focus on media for the editing distribution and management of knowledge the way this book does It is written based on the hypothesis that knowledge media work as genes with their network publishing repository working as a gene pool to accelerate the evolution of knowledge shared in our societies The Discourse of Customer Service Tweets Ursula Lutzky, 2021-10-21 The Discourse of Customer Service Tweets studies the discursive and pragmatic features of customer service interactions making use of a corpus of over 1 5 million tweets from more than thirty different companies With Twitter being used as a professional service channel by many transport operators this book features an empirical analysis of British and Irish train companies and airlines that provide updates and travel assistance on the platform often on a 24/7 basis From managing crises in the midst of strike action to ensuring passengers feel comfortable on board Twitter allows transport operators to communicate with their customers in real time Analysing patterns of language use as well as platform specific features for their communicative functions Ursula Lutzky enhances our understanding of customers linguistic expectations on Twitter and of what makes for successful or unsuccessful interaction Of interest to anyone researching discourse analysis business communication and social media this book's findings pave the way for practical applications in customer service Libraries as Dysfunctional Organizations and Workplaces Spencer Acadia, 2022-11-30 Libraries as Dysfunctional Organizations and Workplaces expands the dysfunctional concept in the professional and academic LIS discourse by exposing the internal problematics of libraries especially at the social and

organizational levels Including contributions written by LIS professionals and scholars the book demonstrates that although many libraries do well at attending to users and managing external information they often fail at taking care of their own employees and addressing internal workplace issues Acadia and the contributing authors explore the problem of dysfunctional libraries so that the LIS profession can come to terms with the systemic dysfunction in their institutions and begin solution oriented progress toward new and sustainable functionality The book analyzes the dysfunctional nature of modern libraries while simultaneously proposing solutions to reduce and alleviate dysfunction Through theory and application it takes an explicit practice based approach with the intent to inform and explain dysfunction as experienced in the library workplace at individual and structural levels and perspectives Libraries as Dysfunctional Organizations and Workplaces brings the dysfunction discourse to the attention of LIS academics and scholars so that further theoretical and empirical research can proceed from and subsequently be addressed in library and information schools The book will also be essential reading for librarians and LIS students currently working or preparing to work in public college and university libraries

Ghosting Dominic Pettman,2025-08-21 Abandonment

is as old as time but ghosting is a modern twist on this ancient experience It translates this age old phenomenon into our modern world of screens delete buttons and blocking options Ghosting is not only an unpleasant experience or cowardly act but a symptom of our increasingly spectral that is mediated and virtual relationship to the world The overabundance of new modes of communication has invited an almost infinite number of contacts and conversations At the same time it has also offered an unprecedented opportunity for ignoring messages from others And just as we invented the car crash when we invented automobiles we also encouraged ghosting when we created the internet Ghosting creates an empty space in our minds a space faithfully tracing the silhouette of the one who ghosted us But unlike traditional ghosts today s ghosters simply disappear leaving behind a form of haunting that is closer to mourning mourning for someone who is not in fact dead In putting a kind of preemptive mourning into our everyday affairs ghosting tells us much about the current human relationship or non relationship to a shared sense of mortality purpose and spirit This book the first sustained analysis of ghosting traces the source of this vexed experience to and through our current media ecology technological networks political landscape collective psychology romantic mantras and deep sense of social neglect

Bringing Strategy Back

Jeffrey L. Samler, 2014-12-03 Reconsider Strategy and Make Planning Relevant In Bringing Strategy Back strategy expert Jeffrey Samler cuts through the clutter to reveal exactly why the usual tools of strategy are so sorely out of sync with our needs windows of opportunity close far faster than they once did many of these opportunities are smaller than they once were growth rates are uneven across markets and today s competition is more asymmetrical than ever The upshot for managers is that they need to reorient their approach to absorb the shocks and surprises that strike at a moment s notice Only then can strategic planning reliably play its part Leaders all around the world at organizations of any size and type will benefit by shedding their obsolete notions about strategy and becoming more resilient Bringing Strategy Back rises to the challenge and presents a new prescriptive model It introduces four strategic shock absorbers that enable leaders to build resilient organizations that can withstand even the most unexpected global turbulence Based on the author s in depth research in the world s most tempestuous markets the model delivers several must have qualities that interact and work together in an ongoing process Accuracy Agility Momentum and Foresight With this new framework Bringing Strategy Back shows how to be prepared and proactive rather than reactive even when the future is uncertain
