And by understanding what works and what doesn't for your business's genomic type you can play to your strengths adapt to your weaknesses and change the course of your company's future. Business Genome project creator Andrea Kates calls it Find Your Next a field tested customized blueprint for mapping out your business DNA in four powerful steps: 1 Sort through your options and assess your hunches 2 Match your genome to other successful business models 3 Hybridize your company by grafting new ideas with proven successes 4 Adapt and thrive by breaking old habits and starting new trends. You'll read how General Motors and OnStar hit the jackpot by examining something that wasn't there. You'll find in depth interviews with GE's Mark Vachon IndieGoGo's Danae Ringelmann P F Chang's Rick Federico and other leaders of innovation. And you'll learn how to crack the genetic code behind the six essential building blocks of business: product and service innovation customer impact talent leadership and culture process design trendability and secret sauce. And it's a great read packed with great stories and tons of practical advice. Read, enjoy and prosper.
