**dangers of social media. How cancel culture and shitstorms can affect companies and how to recover from it** Kira Mertens,2022-05-31 Bachelor Thesis from the year 2020 in the subject Communications Public Relations Advertising Marketing Social Media grade 1 1 Westf lische Hochschule Gelsenkirchen Bocholt Recklinghausen language English abstract The following Bachelor thesis is meant to analyze if and how cancel culture and shitstorms online especially on social media can affect companies and how affected companies can recover from the outcomes For avid social media users online shitstorms especially on the platform Twitter can frequently be witnessed It was therefore a very interesting topic to look further into to be able to understand what can trigger a shitstorm and what the consequences for companies could look like This thesis is also supposed to answer if or how a company can recover from a shitstorm if they were affected by one Furthermore it is meant to show what effective measurements could look like and if shitstorms could even be prevented in the first place and if yes how they could be prevented To achieve that the first step will be to take a closer look at what makes social media so important to businesses For that an insight on the most important social media apps and websites will be given After that the dangers of social media to companies will be analyzed The thesis will then continue by showing what makes shitstorms and cancel culture dangerous to a company To achieve that possible triggers of a shitstorm will be analyzed as well as what phases a shitstorm has and what possible outcomes could look like Furthermore a closer look will be taken at how consumers react to shitstorms by analyzing the results of a self made survey The survey was made to understand if and how consumers let shitstorms influence their buying decisions and if they would stop buying a certain product or brand if they were involved in a shitstorm Following that three companies Nestl Amazon and Nike which have already been at the center of a shitstorm will be analyzed as case studies To analyze the companies a closer look will be taken at the reasons for these shitstorms how each company was affected in terms of image and revenue and how they handled the situation Furthermore it will be explained if shitstorms could be prevented in the first place and how to

successfully manage and recover from a shitstorm when affected by one For this a best practice example will be given in chapter 6 The Social Media Strategist: Build a Successful Program from the Inside Out Christopher Barger,2011-11-04 Build a powerful social media strategy to increase buzz and the bottom line In today s fast paced professional climate large companies are learning that launching a website and taking a wait and see approach to engaging customers is not enough Competition is fierce and those who master the social media space are the ones who come out on top There is greater urgency than ever before to establish a vibrant social media program and it all starts with a key strategist who can best organize and leverage all of the organization s resources to cut through the bureaucracy and get real time results This is where The Social Media Strategist comes in Before tackling specific social media programs you first have to get your own organization and everyone in it on board with making social media a business strategy priority Christopher Barger the award winning former social media director at General Motors and IBM s former blogger in chief describes all the challenges particular to getting a comprehensive social media program off the ground in a large firm The Social Media Strategist teaches you how to Manage internal office politics from your legal team to the policy makers to the human resource department Present new ideas to lawyers and executives in a compelling convincing way Teach your employees the guidelines and protocols they ll need to represent your company Turn your organization into a true media outlet publishing content that is generated by in house employees and is truly engaging to an outside audience Telling a company from the outside what it should do is one thing writes Barger Actually making it happen from the inside is quite another Here he takes the bold step of starting where all successful endeavors begin by planning well by putting all the moving parts in the right place by constructing a solid foundation Consult The Social Media Strategist and build the best suited social media infrastructure for your company Then and only then can you begin to raise your profile connect with customers and increase your profits using the most powerful new business tool
