Psychology: Learning and memory Charles G. Gross,Harris Philip Zeigler,1969 Animals and men are affected by their
experiences Experiences therefore must produce changes within the organism presumably in its nervous system The studies
in this volume are concerned with the nature of these changes The selections in Part I deal with the problem of when the
changes occur and when they become relatively permanent The papers in Part II ask what is the nature of the changes The
third set of selections deals with the problem of where the changes occur The papers in Part IV illustrate several
