## **Mendez Genesis Alex Tale:**

*Mendez Genesis* Edward Hancock II, 2015-12-05 SPLINTERED SOULS Tina Miles is a young girl starting a new chapter in her life. When she encounters Devin Snow, everything changes. Deep down, she believes there is more to Devin than meets the eye. Meanwhile, Det. Lisa Warner is convinced there is more to Tina's story. People are dying. No one has answers. What mysterious force binds these Splintered Souls? BREATH OF GOD After a horrible accident leaves him partially paralyzed, it takes the enigmatic power of heaven to bring Lieutenant Alex Mendez back from the dead, unlocking a secret as old as time that may have been hidden inside his four-year-old daughter. To make matters worse, Detective Lisa Mendez, Alex's wife, confronts her own demons all the while chasing the most unlikely of suspects in connection with multiple homicides. Is it possible a seventeen-year-old boy with Spina Bifida is singlehandedly responsible for the worst crime spree to ever hit the small east Texas community? Lisa Mendez believes it is possible, though a thousand questions remain. As with Alex, the answers to Lisa's questions lay buried deep within the innocent soul of her daughter. While Alex searches himself for strength to battle physical and emotional uncertainties, Lisa must search inside herself, taking charge of courage and faith she never dreamed existed.

**Poole's Index to Periodical Literature** William Frederick Poole, William Isaac Fletcher, 1957    **Edgar Allan Poe: Selected Poetry and Tales** Edgar Allan Poe, 2012-07-25 Edgar Allan Poe's stories and poems are among the most haunting and indelible in American literature, but critics for decades persisted in seeing Poe as an anomaly or even an anachronism. His works, with their bizarrely motivated characters and mysterious settings, did not seem to be a part of the literature of early nineteenth-century America. Critics realize now, though, that Poe was even more a part of the contemporary American literary scene than many of his more nationalistic peers, and that in much of his work, Poe was making commentaries on slavery and Southern social attitudes, technology, the urban landscape, political economy, and other subjects. This Broadview Edition includes a selection of Poe's poems, tales, and sketches in such diverse modes of writing as tales of the supernatural and psychic conflict, satires and hoaxes, science fiction and detective fiction, and nonfiction essays on literary and social topics. These are supplemented by a selection of contextual documents, newspaper and magazine articles, treatises, and other historical texts that will help readers understand the social, literary, and intellectual milieus in which Poe wrote.

**Varieties of English in Writing** Raymond Hickey, 2010 This volume is concerned with assessing fictional and non-fictional written texts as linguistic evidence for earlier forms of varieties of English. These range from Scotland to New Zealand, from Canada

to South Africa covering all the major forms of the English language around the world Central to the volume is the question of how genuine written representations are Here the emphasis is on the techniques and methodology which can be employed when analysing documents The vernacular styles found in written documents and the use of these as a window on earlier spoken modes of different varieties represent a focal concern of the book Studies of language in literature which were offered in the past have been revisited and their findings reassessed in the light of recent advances in variationist linguistics
