**Joeball** Ray Akin, 2019-06-21 *Joeball* by Ray Akin      *Damn Bunch of Cripples* Lew Shaver, 2003-09 I was sitting in a small upstairs room attempting to write this narrative of my education in disability awareness For over 30 years I have been involved in working with individuals with disabilities as a coach and administrator on the intercollegiate national and international levels When I started this journey at a small Midwestern University I had no idea of what I was getting myself into Now that I have traveled this educational path I have come to realize that it may have been one of the most important learning experiences of my life an experience I feel needs to be shared In putting this narrative together one very real issue I struggled with was how to deal with the present climate of political correctness My decision was to tell the stories as I remember them in the language as I remember To do differently would change and compromise the actual experience Thus this is a sharing of feelings and experiences that a coach and his athletes spent in timeless hours in a gym practicing and competing of thousands of miles traveled throughout the United States and beyond and days and nights spent together in laughter and frustration      **Training Methodology: A Multidimensional Approach For Team Sports** José Afonso, Ana Filipa Silva, Beat Knechtle, Luca Paolo Ardigò, Filipe Manuel Clemente, Rodrigo Ramirez-Campillo, Gibson Moreira Praça, Rodrigo Aquino, Daniel Castillo, Javier Raya-González, Hugo Borges Sarmento, 2022-03-31

Karsten Senkbeil,2007-04-30 Thesis M A from the year 2005 in the subject American Studies Culture and Applied Geography  
grade 1 0 University of Osnabr ck language English abstract This book with the title Sports in Journalism and Fiction in the  
United States Today by Karsten Senkbeil analyzes the imagery and rhetoric in the public representation of the two most  
popular American sports namely Baseball and American Football The research is twofold on the one hand a corpus consisting  
of journalistic texts which appeared on the internet and dealt with one of these sports was assembled and quantitative and  
qualitative analyses of the rhetoric in these texts was executed with software tools from Corpus Linguistics Central concern  
was the analysis in respect of national ideology and myth commercialization and imagery if heroism On the other hand a  
hermeneutic literary analysis of works by contemporary American authors DeLillo Coover Roth and others which had sport as  
a central topic examined whether and how the imagery and rhetoric found in the corpus analysis was mirrored and critically  
dealt with on a literary level Results are manifold Both sports the modern and aggressive American Football and the pastoral  
conservative baseball turn out to be recognized as emblematic expressions of typical American values As national pastimes  
they are more than distractive spectacles but inherit and re enact parts of American national ideology Militaristic and  
imperialistic undertones are often found in the corpus and these attitudes are critically and ironically reflected by literary

authors An examination of religious metaphors showed how mass media spectator sport has acquired a status of quasi religious myth making its values and belief systems intermixing with and superimposing on classic religious and national myths Commercialization in sports and economic globalization is greeted with suspicion by both sports journalists and authors Instead American professional sport turns out to be a spectacle built around folk heroes whose status and media representation shows how the American public cherishes individual success As Apollonian and Dionysian heroes athletes succeed by embodying genius and creativity at the same time orderliness and conservatism *Co-operative News and Journal of Associated Industry*, 1888
