Larson,Antoinette Gagné,Julie Kerekes,2023-09-12 This book details a three year multi stranded study of teacher education  
programs that prepare future teachers to work with multilingual learners The book examines how racism and linguisticism  
collaborate to shape the conditions under which teacher candidates learn how to teach The analysis traces dynamic shifts in  
thinking and practice as participants reflected on their personal professional and academic experiences in relation to formal  
curriculum and assessment policies to interpret what it means to work with multilingual learners in the classroom The book  
offers guiding principles above all learning from multilingual learners not only about them and presents a suite of teacher  
education practices to disrupt the interplay of language and race that so deeply shapes teacher candidate learning about
