## **Oxford Worlds Classics Hard Times World Classics:**

**Hard Times** Charles Dickens, 2004-11-23 Facts alone are wanted in life The children at Mr Gradgrind's school are sternly ordered to stifle their imaginations and pay attention only to cold hard reality The effects of Gradgrind's teaching on his own children Tom and Louisa are particularly profound and leave them ill equipped to deal with the unpredictable desires of the human heart Luckily for them they have a friend in Sissy Jupe the child of a circus clown who retains her warm hearted compassionate nature despite the pressures around her By 1854 when Hard Times was published Charles Dickens' magisterial progress as a writer had come to incorporate a many sided coherent vision of English society both as it was and as he wished it to be Hard Times a classic Dickensian story of redemption set in a North of England town beset by industrialism everywhere benefits from this vision in the trenchancy of its satire in its sweeping indignation at social injustice and in the persistent humanity with which its author enlivens his largest and smallest incidents [Dickens, Family](#).

**Authorship** Lynn Cain, 2017-05-15 Drawing on a wide range of Dickens's writings including all of his novels and a selection of his letters journalism and shorter fiction Dickens Family Authorship provides a provocative account of the evolution of an author from whose psychological honesty and imaginative generosity emerged precocious fictional portents of Freudian and post Freudian theory The decade 1843-1853 was pivotal in Dickens's career A phase of feverish activity on both personal and professional fronts it included the irrevocable souring of his relations with his parents the peripatetic residence in continental Europe and a massive proliferation of writing and editing activities including the aborted autobiography It was a period of astounding creativity which consolidated Dickens's authorial and financial stature It was also one tainted by loss the deaths of his father sister and daughter and the alarming desertion of his early facility for composition Lynn Cain's substantial study of the four novels produced during this turbulent decade Martin Chuzzlewit Dombey and Son David Copperfield and Bleak House traces the evolution of Dickens's creative imagination to discover in the modulating fictional representation of family relationships a paradigm for his authorial development Closely argued readings demonstrate a reorientation from a patriarchal to a maternal dynamic which signals a radical shift in Dickens's creative technique Interweaving critical analysis of the four novels with biography and the linguistic and psychoanalytic writings of modern theorists especially Kristeva and Lacan Lynn Cain explores the connection between Dickens's susceptibility to depression during this period and his increasingly self conscious exploitation of his own mental states in his fiction [The](#)
