Argentina Noir Cynthia Schmidt-Cruz, 2019-02-14 Argentina Noir offers a guide to Argentine crime fiction with a focus on works published since the year 2000. It argues that the novela negra or crime novel has become the favored genre for many writers to address the social malaise brought about by changes linked to globalization and market-driven economic policies. Cynthia Schmidt Cruz presents close readings and original interpretations of eleven novels all set in or around Buenos Aires and explores the ways these texts adapt major motifs, figures, and literary techniques in Hispanic crime fiction in order to give voice to wide-ranging social critiques. Schmidt Cruz addresses such topics as organized crime and institutional complicity, corruption during the presidency of Carlos Menem (1989-1999), terrorist attacks on Jewish institutions in Buenos Aires, and the mysterious death of Alberto Nisman, and the winners and the losers of neoliberal structural changes. With a solid underpinning in sociological studies and criticism of the genre and its historical context, Argentina Noir reveals how these novels are renovating the genre to engage pressing issues confronting not only Argentina but also countries throughout Latin America and around the globe.

Tango Robert Farris Thompson, 2005 A definitive study of tango in all its manifestations from the author of the classic *Flash of the Spirit*. Beginning with Carlos Gardel, the Argentine genius considered to have invented tango in 1917, through to Hollywood's current representations of the dance, Thompson approaches his subject from all conceivable angles. Passionately argued, unequalled in its research, synthesis, and depth, and written with a revelatory clarity, *Tango* is a monumental and hugely fulfilling achievement.
