

20447-2 KeyPAC Desktop Reader
Installation Instructions

Description

The KeyPAC PC Desktop Reader is an accessory for use with a PAC Adminstration interface unit. This system is used for direct PC to controller communications (fig. 1).

Note: This Desktop Reader will read **KeyPAC** ID-devices including ISO thickness ID cards. It **will not** read the earlier **PAC** ID devices. Always specify **KeyPAC** when you buy ID devices.

Note: It is unlikely that you will need an Interface Kit at a PC that already has a KeyPAC CNC attached. CNCs have front panel readers, which can also be used for administration.

WARNING: The Interface Unit contains mains voltages. This procedure should only be carried out by a suitably qualified and experienced person. If you have any doubts as to your suitability contact PAC for advice. Failure to do so may result in injury or death by electric shock.

WARNING: If, at any time, the interface kit or its wiring appear damaged then immediately disconnect it from the mains and contact PAC for advice. Failure to do so can result in electric shock and/or further damage to equipment.
