**Road to Nowhere** Paris Marx, 2025-08-12 How to build a transportation system to provide mobility for all Road to Nowhere exposes the flaws in Silicon Valley's vision of the future ride hailing services such as Uber and Lyft to take us anywhere electric cars to make them green and automation to ensure transport is cheap and ubiquitous Such promises are implausible and potentially dangerous As Paris Marx shows these technological visions are a threat to our ideas of what a society should be Electric cars are not a silver bullet for sustainability and autonomous vehicles won't guarantee road safety There will not be underground tunnels to eliminate traffic congestion and micromobility services will not replace car travel any sooner than we will see the arrival of the long awaited flying car In response Marx offers a vision for a more collective way of organizing transportation systems that considers the needs of poor marginalized and vulnerable people The book argues that rethinking mobility can be the first step in a broader reimagining of how we design and live in our future cities We must create streets that allow for social interaction and conviviality We need reasons to get out of our cars and to use public means of transit determined by community needs rather than algorithmic control Such decisions should be guided by the search for quality of life rather than for profit

**That Reminds Me of a Story** James E. Collins, 2023-11-14 I probably watch too much news read too many newspapers magazines and blogs and have too many conversations with people about politics Often in my mind I consider myself better than politicians I may be better than some but not all of them What I notice is that I make similar mistakes to those in charge Because of this I'm willing to say I'm not perfect And I have the experiences to prove it Join me in a journey to tell people why I should not run for public office nor should I receive any write in votes in the next election If you do opt for writing my name in on your ballot and are uncertain how ask for assistance from the helpful people at your voting location and write in my full name James E Collins You may not change an election but maybe it will change your outlook knowing that you can vote for whom you want to not someone you are being told to vote for As an afterthought please don't tell me about ending a sentence with a preposition I tend to do that

*Urban Mobility* Shauna Brail, Betsy Donald, 2024-08-30 Urban Mobility sheds light on mobility in twenty first century Canadian cities The book explores the profound changes associated with technological innovation pandemic induced impacts on travel behaviour and the urgent need for mobility to respond meaningfully to the climate crisis Featuring contributions from leading Canadian and
